A BILL TO BE ENTITLED

AN ACT TO CLARIFY THAT THE PRODUCTION OF CROPS, FRUITS,  
VEGETABLES, ORNAMENTAL AND FLOWERING PLANTS, ETC., IS A  
BONA FIDE FARM PURPOSE IN THE ZONING STATUTES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 153A-340 reads as rewritten:

**"§ 153A-340. Grant of power.**

For the purpose of promoting health, safety, morals, or the general welfare, a county may regulate and restrict the height, number of stories and size of buildings and other structures, the percentage of lots that may be occupied, the size of yards, courts and other open spaces, the density of population, and the location and use of buildings, structures, and land for trade, industry, residence, or other purposes, and to provide density credits or severable development rights for dedicated rights-of-way pursuant to G.S. 136-66.10 or G.S. 136-66.11.

These regulations may not affect bona fide farms, but any use of farm property for nonfarm purposes is subject to the regulations. Bona fide farm purposes include the production of crops, fruits, vegetables, ornamental and flowering plants, dairy, livestock, poultry, and all other forms of agricultural products having a domestic or foreign market. The regulations may provide that a board of adjustment may determine and vary their application in harmony with their general purpose and intent and in accordance with general or specific rules therein contained. The regulations may also provide that the board of adjustment or the board of commissioners may issue special use permits or conditional use permits in the classes of cases or situations and in accordance with the principles, conditions, safeguards, and procedures specified therein

1 and may impose reasonable and appropriate conditions and safeguards upon these  
2 permits. Where appropriate, the conditions may include requirements that street and  
3 utility rights-of-way be dedicated to the public and that recreational space be provided.  
4 When issuing or denying special use permits or conditional use permits, the board of  
5 commissioners shall follow the procedures for boards of adjustment except that no vote  
6 greater than a majority vote shall be required for the board of commissioners to issue  
7 such permits, and every such decision of the board of commissioners shall be subject to  
8 review by the superior court by proceedings in the nature of certiorari.

9 A county may regulate the development over estuarine waters and over lands  
10 covered by navigable waters owned by the State pursuant to G.S. 146-12, within the  
11 bounds of that county.

12 For the purpose of this section, the term 'structures' shall include floating homes.  
13 Any petition for review by the superior court shall be filed with the clerk of superior  
14 court within 30 days after the decision of the board of commissioners is filed in such  
15 office as the ordinance specifies, or after a written copy thereof is delivered to every  
16 aggrieved party who has filed a written request for such copy with the clerk at the time  
17 of the hearing of the case, whichever is later. The decision of the board of  
18 commissioners may be delivered to the aggrieved party either by personal service or by  
19 registered mail or certified mail return receipt requested."

20 Sec. 2. This act is effective upon ratification.
