A BILL TO BE ENTITLED

AN ACT TO AMEND THE DAM SAFETY LAW OF 1967 TO MAKE IT MORE EFFECTIVE.

The General Assembly of North Carolina enacts:

Section 1. G.S. 143-215.24 reads as rewritten:

**"§ 143-215.24. Declaration of purpose.**

It is the purpose of this Part to provide for the certification and inspection of dams in the interest of public health, safety, and welfare, in order to reduce the risk of failure of dams; to prevent injuries to persons, damage to downstream property and loss of reservoir storage; and to ensure maintenance of minimum stream flows ~~below such dams~~ of adequate quantity and ~~quality.~~ quality below dams."

Sec. 2. G.S. 143-215.25 reads as rewritten:

**"§ 143-215.25. Definitions.**

As used in this Part, unless the context otherwise requires:

(1) ~~Repealed by Session Laws 1987, c. 827, s. 175.~~

(2) ~~'Dam' means the dam (and appurtenant works) for the impoundment or diversion of water, except that it shall not include:~~

a. ~~Any dam constructed by the United States Army Corps of Engineers, the Tennessee Valley Authority, or any other department or agency of the United States government, when~~

- 1 such department or agency designed or approved plans and  
2 supervised construction.
- 3 b. Any dam or flood retarding structure constructed with financial  
4 assistance from the United States Soil Conservation Service,  
5 when said agency designed or approved plans and supervised  
6 construction.
- 7 e. The exemptions conferred by items a and b of this subdivision  
8 shall cease when the supervising federal agency relinquishes  
9 authority for the operation and maintenance to a local entity.
- 10 d. Any dam licensed by the Federal Power Commission, or for  
11 which a license application is pending with the Federal Power  
12 Commission, or for use in connection with electric generating  
13 facilities to be constructed pursuant to a certificate of public  
14 convenience and necessity from the North Carolina Utilities  
15 Commission, provided that small power producers as defined in  
16 G.S. 62-3(27a) shall be subject to the provisions of this Part  
17 even though certified by the North Carolina Utilities  
18 Commission.
- 19 e. Any dam under a single private ownership, providing protection  
20 only to land or other property under such ownership, and posing  
21 no threat to life or property below the property under such  
22 single ownership.
- 23 f. Any dam less than 15 feet in height (measured from original  
24 stream bottom to crest of dam) or whose impoundment capacity  
25 is less than 10 acre feet.
- 26 (3) Repealed by Session Laws 1987, c. 827, s. 175.
- 27 (4) 'Minimum stream flows' or 'minimum flows' means stream flows of a  
28 quantity and quality sufficient in the judgment of the Department to  
29 meet and maintain stream classifications and water quality standards  
30 established by the Department under G.S. 143-214.1 and applicable to  
31 the waters affected by the project under consideration. In order to  
32 ensure that such classifications and standards shall be met and  
33 maintained, the Department may impose such conditions and  
34 requirements in orders and written approvals issued under this Part as,  
35 in its judgment, may be necessary to this end, including conditions and  
36 requirements relating to the release or discharge of designated flows  
37 from impoundments, the location or design of water outlets for  
38 impoundments and of water intakes, the amount and timing of  
39 withdrawal of water from a reservoir, and the construction of  
40 submerged weirs or other devices designed to satisfy minimum stream  
41 flow requirements.
- 42 (5) Repealed by Session Laws 1987, c. 827, s. 175.
- 43 (1) 'Dam' means a structure and appurtenant works erected to impound or  
44 divert water.

(2) 'Minimum stream flow' or 'minimum flow' means a stream flow of a quantity and quality sufficient in the judgment of the Department to meet and maintain stream classifications and water quality standards established by the Department under G.S. 143-214.1 and applicable to the waters affected by the project under consideration, and to maintain aquatic habitat in the length of the stream that is affected.'

Sec. 3. Part 3 of Article 21 of Chapter 143 of the General Statutes is amended by adding a new section to read:

**"§ 143-215.25A. Exempt dams.**

(a) Except as otherwise provided in this Part, this Part does not apply to any dam:

(1) Constructed by the United States Army Corps of Engineers, the Tennessee Valley Authority, or another agency of the United States government, when the agency designed or approved plans for the dam and supervised its construction.

(2) Constructed with financial assistance from the United States Soil Conservation Service, when that agency designed or approved plans for the dam and supervised its construction.

(3) Licensed by the Federal Energy Regulatory Commission, or for which a license application is pending with the Federal Energy Regulatory Commission.

(4) For use in connection with electric generating facilities under the jurisdiction of the North Carolina Utilities Commission, except that a dam operated by a small power producer, as defined in G.S. 62-3(27a), shall be subject to the provisions of this Part even though the dam is constructed pursuant to a certificate of public convenience and necessity issues by the North Carolina Utilities Commission.

(5) Under a single private ownership that provides protection only to land or other property under the same ownership and that does not pose a threat to human life or property below the dam.

(6) That is less than 15 feet in height or that has an impoundment capacity of less than 10 acre-feet, unless the Department determines that failure of the dam could result in loss of human life or significant damage to property below the dam.

(b) The exemption from this Part for a dam described in subdivisions (1) and (2) of subsection (a) of this section does not apply after the supervising federal agency relinquishes authority for the operation and maintenance of the dam to a local entity."

Sec. 4. G.S. 143-215.26 reads as rewritten:

**"§ 143-215.26. Construction of dams.**

(a) No person shall begin the construction of any dam until at least 10 days after filing with the Department a statement concerning its height, impoundment capacity, purpose, location and other information required by the Department. ~~Persons proposing construction described in G.S. 143-215.25, subparagraphs (2)e and f will~~ A person who constructs a dam, including a dam that is otherwise exempt from this Part under subdivisions (4) or (5) of G.S. 143-215.25A(a), shall comply with the malaria control

1 requirements of the Department. If on the basis of this information the Department is of  
2 the opinion that the proposed dam is not exempt from the provisions of this Part, it shall  
3 so notify the applicant, and construction shall not be commenced until a full application  
4 is filed by the applicant and approved as provided by G.S. 143-215.29. The Department  
5 may also require of applicants so notified the filing of ~~such~~ any additional information as  
6 it deems necessary, including, but not limited to, streamflow and rainfall data, maps,  
7 plans and specifications. Every applicant for approval of a dam subject to the  
8 provisions of this Part shall also file with the Department the certificate of an engineer  
9 ~~or contractor~~ legally qualified in the State of North Carolina that he this State. The  
10 certificate shall state that the person who files the certificate is responsible for the  
11 design of the dam, dam and that ~~said the~~ design is safe and adequate. ~~Should the applicant~~  
12 ~~have a professional engineering staff the certificate of a registered professional engineer~~  
13 ~~member of that staff legally qualified in the State of North Carolina will constitute compliance.~~

14 (b) ~~When an application has been completed pursuant to the preceding subsection, the~~  
15 The Department shall refer copies of the ~~send a copy of each~~ completed application  
16 ~~papers to the State Health Director, the Wildlife Resources Commission, the Board~~  
17 Department of Transportation, and ~~such~~ other State and local agencies as ~~it deems~~  
18 considers appropriate for review and comment."

19 Sec. 5. G.S. 143-215.28A reads as rewritten:

20 "**§ 143-215.28A. Application fees.**

21 (a) In accordance with G.S. 143-215.3(a)(1a), the Commission may establish a  
22 fee schedule for processing applications for approvals of ~~construction, repair, alteration,~~  
23 construction or removal of dams issued under this Part. In establishing the fee schedule,  
24 the Commission shall consider the administrative and personnel costs incurred by the  
25 Department for processing the applications and for related compliance activities. The  
26 total amount of fees collected in any fiscal year may not exceed one-third of the total  
27 personnel and administrative costs incurred by the Department for processing the  
28 applications and for related compliance activities in the prior fiscal year. An approval  
29 fee may not exceed the larger of two hundred dollars (\$200.00) or two percent (2%) of  
30 the actual cost of construction or removal of the applicable dam. The provisions of G.S.  
31 143-215.3(a)(1b) do not apply to these fees.

32 (b) The Dam Safety Account is established as a nonreverting account within the  
33 Department. Fees collected under this section shall be credited to the Account and shall  
34 be applied to the costs of administering this Part."

35 Sec. 6. G.S. 143-215.31 reads as rewritten:

36 "**§ 143-215.31. Supervision over maintenance and operation of dams.**

37 (a) The Commission shall have jurisdiction and supervision over the  
38 maintenance and operation of dams to safeguard life and property and to satisfy  
39 minimum streamflow requirements. The Commission is ~~hereby authorized to~~ may adopt  
40 ~~such~~ standards for the maintenance and operation of dams as may be necessary for the  
41 purposes of this Part. ~~In its discretion the~~ The Commission may vary the standards  
42 applicable to various dams, giving due consideration to the minimum flow requirements  
43 of the stream, the type and location of the structure, the hazards to which it may be

1 exposed, and the peril of life and property in the event of failure of a dam to perform its  
2 function.

3 (b) The Department may impose any condition or requirement in orders and  
4 written approvals issued under this Part that is necessary to ensure that stream  
5 classifications, water quality standards, and aquatic habitat requirements are met and  
6 maintained, including conditions and requirements relating to the release or discharge of  
7 designated flows from dams, the location and design of water intakes and outlets, the  
8 amount and timing of the withdrawal of water from a reservoir, and the construction of  
9 submerged weirs or other devices intended to maintain minimum stream flows."

10 Sec. 7. G.S. 143-215.32 reads as rewritten:

11 "**§ 143-215.32. Inspection of dams.**

12 (a) ~~The Department is hereby authorized~~ may at any time ~~to inspect any dam~~ inspect any dam,  
13 including a dam that is otherwise exempt from this Part, upon receipt of a written  
14 request of any affected person or agency, or upon a motion of the Environmental  
15 Management Commission. Within the limits of available funds the Department shall  
16 endeavor to provide for inspection of all dams at intervals of approximately five years.

17 (b) If the Department upon inspection finds that any dam is not sufficiently  
18 strong, ~~or is not maintained in good repair or operating condition, or is dangerous to life~~  
19 ~~or property, or does not satisfy minimum streamflow requirements,~~ the Department  
20 shall ~~cause such evidence to be presented~~ present its findings to the Commission and the  
21 Commission may issue an order directing the owner or owners of the dam to make at his  
22 or her expense maintenance, alterations, repairs, reconstruction, change in construction  
23 or location, or removal as may be deemed necessary by the Commission within a time  
24 limited by the order, not less than 90 days from the date of issuance of each order,  
25 except in the case of extreme danger to the safety of life or property, as provided by  
26 subsection (c) of this section.

27 (c) If at any time the condition of any dam becomes so dangerous to the safety of  
28 life or property, in the opinion of the Environmental Management Commission, as not  
29 to permit sufficient time for issuance of an order in the manner provided by subsection  
30 (b) of this section, the Environmental Management Commission may immediately take  
31 such measures as may be essential to provide emergency protection to life and property,  
32 including the lowering of the level of a reservoir by releasing water impounded or the  
33 destruction in whole or in part of the dam or reservoir. The Environmental Management  
34 Commission may recover the costs of such measures from the owner or owners by  
35 appropriate legal action.

36 (d) ~~For the purposes of this section the word 'dam' shall mean any dam posing a~~  
37 ~~present threat to human life or property regardless of its size and impoundment capacity,~~  
38 ~~but excepting those dams described in G.S. 143-215.25(2)a, b and d.~~ An order issued  
39 under this Part shall be served on the owner of the dam as provided in G.S. 1A-1, Rule  
40 4."

41 Sec. 8. G.S. 143-215.33 reads as rewritten:

42 "**§ 143-215.33. Administrative hearing.**

43 A person to whom a decision or a dam safety order is issued under this Part may  
44 contest the decision or order by filing a petition ~~for a contested case~~ petition in

1 accordance with G.S. 150B-23. A person to whom a decision is issued must file a  
2 contested case petition within 30 days after the decision is mailed to that person. A  
3 person to whom a dam safety order is issued must file a contested case petition within  
4 10 days after receiving notice, by personal service or by registered or certified mail, of the  
5 Commission's decision or order. the order is served."

6 Sec. 9. G.S. 143-215.36(b) reads as rewritten:

7 "(b) Civil Penalties. –

- 8 (1) The Secretary may assess a civil penalty of not less than one hundred  
9 dollars (\$100.00) nor more than ~~two five hundred fifty~~ dollars (~~\$250.00~~)  
10 (~~\$500.00~~) against any person who violates any provisions of this Part,  
11 a rule implementing this Part, or an order issued under this Part.
- 12 (2) If any action or failure to act for which a penalty may be assessed  
13 under this Part is willful, the Secretary may assess a penalty not to  
14 exceed ~~two five hundred fifty~~ dollars (~~\$250.00~~) (~~\$500.00~~) per day for  
15 each day of violation.
- 16 (3) In determining the amount of the penalty, the Secretary shall consider  
17 the factors set out in G.S. 143B-282.1(b). The procedures set out in  
18 G.S. 143B-282.1 shall apply to civil penalty assessments that are  
19 presented to the Commission for final agency decision.
- 20 (4) The Secretary shall notify any person assessed a civil penalty of the  
21 assessment and the specific reasons therefor by registered or certified  
22 mail, or by any means authorized by G.S. 1A-1, Rule 4. Contested  
23 case petitions shall be filed in accordance with G.S. 150B-23 within 30  
24 days of receipt of the notice of assessment.
- 25 (5) Requests for remission of civil penalties shall be filed with the  
26 Secretary. Remission requests shall not be considered unless made  
27 within 30 days of receipt of the notice of assessment. Remission  
28 requests must be accompanied by a waiver of the right to a contested  
29 case hearing pursuant to Chapter 150B and a stipulation of the facts on  
30 which the assessment was based. Consistent with the limitations in  
31 G.S. 143B-282.1(c) and G.S. 143-282.1 (d), remission requests may be  
32 resolved by the Secretary and the violator. If the Secretary and the  
33 violator are unable to resolve the request, the Secretary shall deliver  
34 remission requests and his recommended action to the Committee on  
35 Civil Penalty Remissions of the Environmental Management  
36 Commission appointed pursuant to G.S. 143B-282.1(c).
- 37 (6) If any civil penalty has not been paid within 30 days after notice of  
38 assessment has been served on the violator, the Secretary shall request  
39 the Attorney General to institute a civil action in the Superior Court of  
40 any county in which the violator resides or has his or its principal place  
41 of business to recover the amount of the assessment, unless the  
42 violator contests the assessment as provided in subdivision (4) of this  
43 subsection, ~~or requests remission of the assessment in whole or in part as~~  
44 ~~provided in subdivision (5) of this subsection.~~ subsection. If any civil

1 penalty has not been paid within 30 days after the final agency  
2 decision or court order has been served on the violator, the Secretary  
3 shall request the Attorney General to institute a civil action in the  
4 Superior Court of any county in which the violator resides or has his or  
5 its principal place of business to recover the amount of the assessment.  
6 A civil action shall be filed within three years of the date the final  
7 agency decision was served on the violator.  
8 (7) The Secretary may delegate his powers and duties under this section to  
9 the Director of the Division of Land Resources of the Department."  
10 Sec. 10. Sections 5 and 10 of this act become effective 30 June 1993. All  
11 other sections of this act become effective 1 October 1993.
