A BILL TO BE ENTITLED

AN ACT TO MAKE CHANGES CONCERNING THE BOARD OF ELECTROLYSIS EXAMINERS.

The General Assembly of North Carolina enacts:

Section 1. G.S. 88A-10 reads as rewritten:

"§ 88A-10. Requirements for licensure as an electrologist.

(a) Any person who desires to be licensed as an 'electrologist' pursuant to this Chapter shall:

(1) Submit an application on a form approved by the Board;

(2) Be a resident of North Carolina;

(3) Be 18 years of age or older;

(4) ~~Provide proof of graduation from a school certified by the Board pursuant to G.S. 88A-18; and, Meet the requirements of subsection (a1) of this section; and~~

(5) Pass a ~~written~~ an examination given by the Board.

(a1) An applicant for licensure under this section shall provide:

(1) Proof of graduation from a school certified by the Board pursuant to G.S. 88A-19; or

(2) Proof satisfactory to the Board that, for at least one year prior to the date of application or the date of initial residence in this State,

1                    whichever is earlier, the applicant was engaged in the practice of  
2                    electrology in a state that does not license electrologists.

3                    Subdivision (2) of this subsection applies only to applicants whose residence in this  
4                    State began on or after January 31, 1994, who do not meet the qualifications of  
5                    subdivision (1) of this subsection or G.S. 88A-12.

6                    (b) At least twice each year, the Board shall give an examination to applicants for  
7 licensure to determine the applicants' knowledge of the basic and clinical sciences  
8 relating to the theory and practice of electrology. The Board shall give applicants notice  
9 of the date, time, and place of the examination at least 60 days in advance.

10                    (c) When the Board determines that an applicant has met all the qualifications for  
11 licensure, and has submitted the required fee, the Board shall issue a license to the  
12 applicant.

13                    (d) An applicant otherwise qualified for licensure who is not a resident of this  
14 State may nevertheless submit a statement of intent to begin practicing electrology in  
15 this State and receive a license. The applicant must provide to the Board within six  
16 months of receiving a license evidence satisfactory to the Board that the applicant has  
17 actually begun to practice electrology in this State. The Board may revoke the license  
18 of an applicant who fails to submit this proof or whose proof fails to satisfy the Board."

19                    Sec. 2. Chapter 88A of the General Statutes is amended by adding a new  
20 section to read:

21 **"§ 88A-10.1. Temporary license.**

22                    The Board may issue a temporary license to practice electrology to an applicant who  
23 meets the requirements of G.S. 88A-10(a)(1)-(4). A temporary license may not be valid  
24 for more than six months and may be renewed not more than once. The Board may by  
25 rule provide for a shorter duration and may prohibit any renewal of a temporary license.  
26 The Board shall adopt rules setting the criteria for any renewals. The Board may by  
27 rule require that holders of a temporary license practice under supervision and may  
28 specify criteria for supervision in its rules, including the setting, amounts of supervision,  
29 and qualifications of supervisors."

30                    Sec. 3. G.S. 88A-12 reads as rewritten:

31 **"§ 88A-12. License renewal.**

32                    (a) Every electrologist license issued pursuant to this Chapter must be renewed  
33 annually. On or before the date the current license expires, a person who desires to  
34 continue to practice electrology shall apply for license renewal to the Board on forms  
35 approved by the Board, provide evidence of the successful completion of a continuing  
36 educational program approved by the Board, meet the criteria for renewal established by  
37 the Board, and pay the required fee. The Board may provide for the late renewal of  
38 licensure upon payment of a late fee as set by the Board, but late renewal may not be  
39 granted more than 90 days after expiration of the license.

40                    (b) Any person who has failed to renew his license for more than 90 days after  
41 expiration may have it reinstated by applying to the Board for reinstatement on a form  
42 approved by the Board, furnishing a statement of the reason for failure to apply for  
43 renewal prior to the deadline, and paying the required fee. The Board may require  
44 evidence of competency to resume practice before reinstating the applicant's license."

1           Sec. 4. G.S. 88A-15 reads as rewritten:

2   **"§ 88A-15. Exemptions from licensure.**

3       The following individuals shall be permitted to practice electrology without a  
4 license:

- 5           (1) Any physician licensed in accordance with Article 1 and Article 11 of  
6 Chapter 90 of the General Statutes.
- 7           (2) A student at an approved school of electrology when electrolysis is  
8 performed in the course of study.
- 9           (3) A person demonstrating on behalf of a manufacturer or distributor any  
10 electrolysis equipment or supplies, if such demonstration is performed  
11 without charge.
- 12           (4) An employee of a hospital licensed under Chapter 131E of the General  
13 Statutes and working under the supervision of a physician licensed  
14 under Article 1 of Chapter 90 of the General Statutes who is certified  
15 by the American Board of Dermatology."

16       Sec. 5. G.S. 88A-19(a) reads as rewritten:

17       "(a) Any school in this State or another state that desires to be certified as a Board  
18 approved school of electrology shall:

- 19           (1) Submit an application on a form approved by the Board;
- 20           (2) Submit a detailed projected floor plan of the institutional area  
21 demonstrating adequate school facilities to accommodate students for  
22 purposes of lectures, classroom instruction, and practical  
23 demonstration;
- 24           (3) Submit a detailed list of the equipment to be used by the students in  
25 the practical course of their studies;
- 26           (4) Submit a copy of the planned electrology curriculum consisting of the  
27 number of hours and subject matter determined by the Board, provided  
28 that the number of hours required shall not be less than 120 hours and  
29 not more than 600 hours;
- 30           (5) Submit a certified copy of the school manual of instruction;
- 31           (6) Submit the names and qualifications of the instructors certified in  
32 accordance with G.S. 88A-16; and
- 33           (7) Any additional information the Board may require."

34       Sec. 6. This act is effective upon ratification.
