The General Assembly of North Carolina enacts:

SECTION 1. G.S. 115C-84.2 reads as rewritten:

"§ 115C-84.2. School calendar.

(a) School Calendar. – Each local board of education shall adopt a school calendar consisting of ~~220~~210 days all of which shall fall within the fiscal year. A school calendar shall include the following:

- (1) A minimum of 180 days and 1,000 hours of instruction covering at least nine calendar months. The local board shall designate when the 180 instructional days shall occur. The number of instructional hours in an instructional day may vary according to local board policy and does not have to be uniform among the schools in the administrative unit. Local boards may approve school improvement plans that include days with varying amounts of instructional time. If school is closed early due to inclement weather, the day and the scheduled amount of instructional hours may count towards the required minimum to the extent allowed by State Board policy. The school calendar shall

1 include a plan for making up days and instructional hours missed when
2 schools are not opened due to inclement weather.

3 (1a) **(Applies only to 2002-2003 school year – See editor's note.)**

4 Notwithstanding subdivision (1) of this subsection, a local board may
5 decide to make up a maximum of three instructional days by adding
6 instructional hours to previously scheduled instructional days. A local
7 board shall make this decision only if all of the following criteria are
8 met:

9 a. The days to be made up were missed when schools were unable
10 to be opened due to unusual and extraordinary inclement
11 weather conditions.

12 b. It would cause undue hardship to parents, children, and teachers
13 to make up those days.

14 c. The school calendar continues to have a minimum of 1,000
15 instructional hours covering at least nine months.

16 d. The additional hours must equal the regularly scheduled
17 number of instructional hours at each school.

18 If a local board adds instructional hours to previously
19 scheduled days under this subdivision, the local school
20 administrative unit is deemed to have a minimum of 180 days
21 of instruction, teachers employed for a 10-month term are
22 deemed to have been employed for the days being made up, and
23 all other employees shall be compensated as if they had worked
24 the days being made up.

25 (2) A minimum of 10 annual vacation leave days.

26 (3) The same or an equivalent number of legal holidays occurring within
27 the school calendar as those designated by the State Personnel
28 Commission for State employees.

29 (4) ~~Eight Five~~ days, as designated by the local board, for use as teacher
30 ~~workdays, additional instructional days, or other lawful purposes. A~~
31 ~~local board may delegate to the individual schools some or all of the~~
32 ~~eight days to schedule under subdivision (5) of this subsection. A local~~
33 ~~board may schedule different purposes for different personnel on any~~
34 ~~given day and is not required to schedule the same dates for all~~
35 ~~personnel workdays. These days shall be protected to allow teachers to~~
36 complete instructional and classroom administrative duties. The local
37 school administrative unit shall not impose any additional tasks on
38 these days. The local board shall schedule one of these days at the
39 beginning of the school year and one at the end of each academic
40 quarter.

41 (5) The remaining days scheduled by each school's principal for any of the
42 purposes allowed under subdivision (4) of this subsection. Before
43 scheduling these days, the principal shall work with the school
44 improvement team to determine the days to be scheduled and the

1 purposes for which they should be scheduled. Days may be scheduled
2 and planned for different purposes for different personnel and there is
3 no requirement to schedule the same dates for all personnel. However,
4 if during the last two years the local school administrative unit has
5 made up an average of at least eight days for school closing because of
6 inclement weather, the local board may designate up to two of these
7 days as additional make-up days to be scheduled after the last day of
8 student attendance.

9 Local boards and individual schools are encouraged to use the calendar flexibility in
10 order to meet the annual performance standards set by the State Board. Local boards of
11 education shall consult with parents and the employed public school personnel in the
12 development of the school calendar.

13 Local boards and individual schools shall give teachers at least 14 calendar days'
14 notice before requiring a teacher to work instead of taking vacation leave on days
15 scheduled in accordance with subdivision (4) or (5) of this subsection. A teacher may
16 elect to waive this notice requirement for one or more such days.

17 (b) Limitations. – The following limitations apply when developing the school
18 calendar:

- 19 (1) The total number of teacher workdays for teachers employed for a 10
20 month term shall not exceed ~~200~~190 days.
- 21 (2) The calendar shall include at least 42 consecutive days when teacher
22 attendance is not required unless: (i) the school is a year-round school;
23 or (ii) the teacher is employed for a term in excess of 10 months. At
24 the request of the local board of education or of the principal of a
25 school, a teacher may elect to work on one of the 42 days when teacher
26 attendance is not required in lieu of another scheduled workday.
- 27 (3) School shall not be held on Sundays.
- 28 (4) Veterans Day shall be a holiday for all public school personnel and for
29 all students enrolled in the public schools.

30 (c) Emergency Conditions. – During any period of emergency in any section of
31 the State where emergency conditions make it necessary, the State Board of Education
32 may order general, and if necessary, extended recesses or adjournment of the public
33 schools.

34 (d) Opening and Closing Dates. – Local boards of education shall determine the
35 dates of opening and closing the public schools under subdivision (a)(1) of this section.
36 Except for year-round schools, the opening date for students shall not be before August
37 25 and the closing date for students shall not be after June 10. The State Board of
38 Education may waive this requirement on a showing of good cause. A local board may
39 revise the scheduled closing date if necessary in order to comply with the minimum
40 requirements for instructional days or instructional time. ~~Different opening and closing~~
41 dates may be fixed for schools in the same administrative unit. For purposes of this
42 subsection, the term 'good cause' means that schools in the local school administrative
43 unit have been closed an average of eight days per year during any five of the last 10

1 years because of severe weather conditions, energy shortages, power failures, or other
2 emergency situations."

3 **SECTION 2.** G.S. 115C-302.1(b) reads as rewritten:

4 "(b) Salary Payments. – State-allotted teachers shall be paid for a term of 10
5 months. State-allotted months of employment for vocational education to local boards
6 shall be used for the employment of teachers of vocational and technical education for a
7 term of employment to be determined by the local boards of education. However, local
8 boards shall not reduce the term of employment for any vocational agriculture teacher
9 personnel position that was 12 calendar months for the 1982-83 school year for any
10 school year thereafter.

11 Each local board of education shall establish a set date on which monthly salary
12 payments to State-allotted teachers shall be made. This set pay date may differ from the
13 end of the month of service. The daily rate of pay for teachers shall equal ~~one~~
14 ~~twenty-second~~ one twenty-first of the monthly rate of pay. If requested by the teacher,
15 the initial pay date for a teacher who is not employed in a year-round school shall be no
16 later than August 31 and shall include a full monthly payment. Subsequent pay dates
17 shall be spaced no more than one month apart and shall include a full monthly payment.

18 Teachers may be prepaid on the monthly pay date for days not yet worked. A teacher
19 who fails to attend scheduled workdays or who has not worked the number of days for
20 which the teacher has been paid and who resigns, is dismissed, or whose contract is not
21 renewed shall repay to the local board any salary payments received for days not yet
22 worked. A teacher who has been prepaid and continues to be employed by a local board
23 but fails to attend scheduled workdays may be subject to dismissal under G.S. 115C-325
24 or other appropriate discipline.

25 Any individual teacher who is not employed in a year-round school may be paid in
26 12 monthly installments if the teacher so requests on or before the first day of the school
27 year. The request shall be filed in the local school administrative unit ~~which~~ that
28 employs the teacher. The payment of the annual salary in 12 installments instead of 10
29 shall not increase or decrease the teacher's annual salary nor in any other way alter the
30 contract made between the teacher and the local school administrative unit. Teachers
31 employed for a period of less than 10 months shall not receive their salaries in 12
32 installments."
