23 **§ 105-129.51. Administration.**

24 (a) A taxpayer is eligible for the credits allowed in this Article if it satisfies the
25 requirements of G.S. 105-129.4(b), (b2), (b3), and (b4) relating to wage standard, health
26 insurance, environmental impact, and safety and health programs, respectively. The
27 three credits allowed in this Article are exclusive. A taxpayer may elect to take only one
28 of the three credits with respect to its research activities in a taxable year. It may elect a
29 different credit for expenses in a subsequent taxable year.

30 **§ 105-129.52. Tax election; cap.**

31 (a) Tax Election. – The credits allowed in this Article are allowed against the
32 franchise tax levied in Article 3 of this Chapter or the income taxes levied in Article 4
33 of this Chapter. The taxpayer must elect the tax against which a credit will be claimed
34 when filing the return on which the first installment of the credit is claimed. This
35 election is binding. Any carryforwards of a credit must be claimed against the same tax.

36 (b) Cap. – If the credit allowed in G.S. 105-129.57 for a small business exceeds
37 the amount of tax against which it is claimed for the taxable year reduced by the sum of
38 all credits allowable, the taxpayer may elect instead of carrying it forward to exchange
39 the unused amount of the credit for a cash payment made by the Secretary equal to
40 seventy percent (70%) of the unused amount of the credit.

41 Any other credit allowed in this Article may not exceed fifty percent (50%) of the
42 amount of tax against which it is claimed for the taxable year, reduced by the sum of all
43 other credits allowed against that tax, except tax payments made by or on behalf of the
44 taxpayer. This limitation applies to the cumulative amount of credit, including

1 carryforwards, claimed by the taxpayer under this Article against each tax for the
2 taxable year. Any unused portion of a credit allowed in this Article may be carried
3 forward for the succeeding 15 years.

4 **"§ 105-129.53. Substantiation.**

5 To claim a credit allowed by this Article, the taxpayer must provide any information
6 required by the Secretary. Every taxpayer claiming a credit under this Article must
7 maintain and make available for inspection by the Secretary any records the Secretary
8 considers necessary to determine and verify the amount of the credit to which the
9 taxpayer is entitled. The burden of proving eligibility for a credit and the amount of the
10 credit rests upon the taxpayer, and no credit may be allowed to a taxpayer that fails to
11 maintain adequate records or to make them available for inspection.

12 **"§ 105-129.54. Reports.**

13 The Department of Revenue must report to the Revenue Laws Study Committee and
14 to the Fiscal Research Division of the General Assembly by May 1 of each year the
15 following information for the 12-month period ending the preceding April 1:

- 16 (1) The number of taxpayers that claimed each credit allowed in this
17 Article.
- 18 (2) The amount of each credit claimed.
- 19 (3) The total cost to the General Fund of the credits claimed.

20 **"§ 105-129.55. General ~~credit~~ credit for increasing research and development.**

21 A taxpayer that claims for the taxable year a federal income tax credit under section
22 41(a) of the Code for increasing research activities is allowed a credit equal to five
23 percent (5%) of the State's apportioned share of the taxpayer's expenditures for
24 increasing research activities. The State's apportioned share of a taxpayer's expenditures
25 for increasing research activities is the excess of the taxpayer's qualified research
26 expenses for the taxable year over the base amount, as determined under section 41 of
27 the Code, multiplied by a percentage equal to the ratio of the taxpayer's qualified North
28 Carolina research expenses ~~in this State~~ for the taxable year to the taxpayer's total
29 qualified research expenses for the taxable year.

30 **"§ 105-129.56. Alternative ~~credit~~ credit for increasing research and development.**

31 A taxpayer that claims the alternative incremental credit under section 41(c)(4) of
32 the Code for increasing research activities is allowed a credit equal to twenty-five
33 percent (25%) of the State's apportioned share of the federal credit claimed. The State's
34 apportioned share of the federal credit claimed is the amount of the alternative
35 incremental credit the taxpayer claimed under section 41(c)(4) of the Code for the
36 taxable year multiplied by a percentage equal to the ratio of the taxpayer's qualified
37 North Carolina research expenses ~~in this State~~ for the taxable year to the taxpayer's total
38 qualified research expenses for the taxable year. For the purpose of this section, the
39 amount of the alternative incremental credit claimed by a taxpayer is determined
40 without regard to any reduction elected under section 280C(c) of the Code.

41 **"§ 105-129.57. Credit for North Carolina research and development.**

42 A taxpayer that has qualified North Carolina research expenses, basic research
43 payments to a North Carolina research university for research in this State, or both for
44 the taxable year is allowed a credit equal to the sum of (i) twenty-five percent (25%) of

1 the basic research payments to a North Carolina research university for research in this
2 State plus (ii) a percentage of the qualified North Carolina research expenses,
3 determined as provided in this section. If part of the taxpayer's qualified North Carolina
4 research expenses qualifies under subdivision (3) of this section and the remainder
5 qualifies under subdivision (4) of this section, the applicable percentages apply
6 separately to each part of the expenses.

7 (1) Small business. – If the taxpayer was a small business as of the last
8 day of the taxable year, the applicable percentage is five percent (5%).
9 The credit under this section for a small business is partially
10 refundable at the election of the taxpayer as provided in G.S.
11 105-129.52.

12 (2) Midsize business. – If the taxpayer was a midsize business as of the
13 last day of the taxable year, the applicable percentage is five percent
14 (5%).

15 (3) Low-tier research. – If the qualified North Carolina research was
16 performed in an enterprise tier one, two, or three area, the applicable
17 percentage is five percent (5%).

18 (4) Other research. – To the extent the taxpayer's qualified North Carolina
19 research is not covered under subdivision (1), (2), or (3) of this section,
20 the applicable percentage is one percent (1%)."

39 owner for sales and use taxes on these items is considered tax paid by the owner. A
40 request for a refund must be in writing and must include any information and
41 documentation required by the Secretary. A request for a refund is due within six
42 months after the end of the bioprocessing facility's fiscal year. Refunds applied for after
