Pursuant to this end, transportation project contracts shall be planned and limited so payments due at any time will not exceed the cash available to pay them.

In the event this cash position is not maintained, no further transportation project contract commitments may be entered into until the cash balance has been regained. For the purposes of awarding contracts involving federal aid, any amount due from the federal government and the Highway Bond Fund as a result of unreimbursed expenditures may be considered as cash for the purposes of this provision.

(g) Anticipation of Revenues. – In awarding State transportation project contracts requiring payments beyond a biennium, the Director may anticipate revenues as authorized and certified by the General Assembly to continue contract payments for up to seventy-five percent (75%) of the revenues which are estimated for the first fiscal year of the succeeding biennium and which are not required for other budget items. Up to fifty percent (50%) of the revenues not required for other budget items may be anticipated for the second and subsequent fiscal years' contract payments. Up to forty percent (40%) of the revenues not required for other budget items may be anticipated for the first year of the second succeeding biennium and up to twenty percent (20%) of the revenues not required for other budget items may be anticipated for the second year of the second succeeding biennium.

The allotments shall be multiyear allotments and shall be based on estimated revenues and shall be subject to the maximum contract authority contained in subsection (c) above. Payment for transportation project work performed pursuant to contract in any fiscal year other than the current fiscal year is subject to appropriations by the General Assembly. Transportation project contracts shall contain a schedule of estimated completion progress, and any acceleration of this progress shall be subject to the approval of the Department of Transportation provided funds are available. The State reserves the right to terminate or suspend any transportation project contract, and any transportation project contract shall be so terminated or suspended if funds will not be available for payment of the work to be performed during that fiscal year pursuant to the contract. In the event of termination of

The target amount shall include an amount necessary to make all municipal-aid funding requirements of the Department.

(2) Establish necessary management controls to facilitate use of cash flow financing, such as establishment of a financial planning committee, development of a monthly financing report, establishment of appropriate fund cash level targets, review of revenue forecasting procedures, and reduction of accrued unbilled costs.

"§ 62-302. Regulatory fee.

(a) Fee Imposed. – It is the policy of the State of North Carolina to provide fair regulation of public utilities in the interest of the public, as provided in G.S. 62-2. The cost of regulating public utilities is a burden incident to the privilege of operating as a

public utility. Therefore, for the purpose of defraying the cost of regulating public utilities, every public utility subject to the jurisdiction of the Commission shall pay a quarterly regulatory fee, in addition to all other fees and taxes, as provided in this section. The fees collected shall be used only to pay the expenses of the Commission and the Public Staff in regulating public utilities in the interest of the public.

It is also the policy of the State to provide limited oversight of certain electric membership corporations as provided in G.S. 62-53. Therefore, for the purpose of defraying the cost of providing the oversight authorized by G.S. 62-53 and G.S. 117-18.1, each fiscal year each electric membership corporation whose principal purpose is to furnish or cause to be furnished bulk electric supplies at wholesale as provided in G.S. 117-16 shall pay an annual fee as provided in this section.

(b) Public Utility Rate. –

- (1) Repealed by Session Laws 2000-140, s. 56, effective July 21, 2000.

When the Commission prepares its budget request for the upcoming fiscal year, the Commission shall propose a percentage rate of the public utility regulatory fee. For fiscal years beginning in an odd-numbered year, that proposed rate shall be included in the budget message the Governor submits to the General Assembly pursuant to ~~G.S. 143-11.~~ G.S. 143C-3-5. For fiscal years beginning in an even-numbered year, that proposed rate shall be included in a special budget message the Governor shall submit to the General Assembly. The General Assembly shall set the percentage rate of the public utility regulatory fee by law.

The percentage rate may not exceed the amount necessary to generate funds sufficient to defray the estimated cost of the operations of the Commission and the Public Staff for the upcoming fiscal year, including a reasonable margin for a reserve fund. The amount of the reserve may not exceed the estimated cost of operating the Commission and the Public Staff for the upcoming fiscal year. In calculating the amount of the reserve, the General Assembly shall consider all relevant factors that may affect the cost of operating the Commission or the Public Staff or a possible unanticipated increase or decrease in North Carolina jurisdictional revenues.

- (3) If the Commission, the Public Staff, or both experience a revenue shortfall, the Commission shall implement a temporary public utility regulatory fee surcharge to avert the deficiency that would otherwise occur. In no event may the total percentage rate of the public utility regulatory fee plus any surcharge established by the Commission exceed twenty-five hundredths percent (0.25%).
- (4) As used in this section, the term "North Carolina jurisdictional revenues" means all revenues derived or realized from intrastate tariffs, rates, and charges approved or allowed by the Commission or collected pursuant to Commission order or rule, but not including tap-on fees or any other form of contributions in aid of construction.

Assembly pursuant to ~~G.S. 143-11~~, G.S. 143C-3-5. For fiscal years beginning in an even-numbered year, the proposed amount shall be included in a special budget message the Governor shall submit to the General Assembly.

The amount of the reserve may not exceed the estimated cost of the Commission and the Public Staff for the regulation of the electric membership corporations for the upcoming fiscal year.

(c) When Due. – The electric membership corporation regulatory fee imposed under this section shall be paid in quarterly installments. The fee is due and payable to the Commission on or before the 15th day of the second month following the end of each quarter.

The public utility regulatory fee imposed under this section is due and payable to the Commission on or before the 15th day of the second month following the end of each quarter. Every public utility subject to the public utility regulatory fee shall, on or before the date the fee is due for each quarter, prepare and render a report on a form prescribed by the Commission. The report shall state the public utility's total North Carolina jurisdictional revenues for the preceding quarter and shall be accompanied by any supporting documentation that the Commission may by rule require. Receipts shall be reported on an accrual basis.

If a public utility's report for the first quarter of any fiscal year shows that application of the percentage rate would yield a quarterly fee of twenty-five dollars (\$25.00) or less, the public utility shall pay an estimated fee for the entire fiscal year in the amount of twenty-five dollars (\$25.00). If, after payment of the estimated fee, the public utility's subsequent returns show that application of the percentage rate would yield quarterly fees that total more than twenty-five dollars (\$25.00) for the entire fiscal year, the public utility shall pay the cumulative amount of the fee resulting from application of the percentage rate, to the extent it exceeds the amount of fees, other than any surcharge, previously paid.

(d) Use of Proceeds. – A special fund in the office of State Treasurer, the Utilities Commission and Public Staff Fund, is created. The fees collected pursuant to this section and all other funds received by the Commission or the Public Staff, except for the clear proceeds of civil penalties collected pursuant to G.S. 62-50(d) and the clear proceeds of funds forfeited pursuant to G.S. 62-310(a), shall be deposited in the Utilities Commission and Public Staff Fund. The Fund shall be placed in an interest bearing account and any interest or other income derived from the Fund shall be credited to the Fund. Moneys in the Fund shall only be spent pursuant to appropriation by the General Assembly.

The Utilities Commission and Public Staff Fund shall be subject to the provisions of the ~~Executive Budget Act~~ State Budget Act except that no unexpended surplus of the Fund shall revert to the General Fund. All funds credited to the Utilities Commission and Public Staff Fund shall be used only to pay the expenses of the Commission and the Public Staff in regulating public utilities in the interest of the public as provided by this Chapter and in regulating electric membership corporations as provided in G.S. 117-18.1.

The clear proceeds of civil penalties collected pursuant to G.S. 62-50(d) and the clear proceeds of funds forfeited pursuant to G.S. 62-310(a) shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2."

"§ 143-341. Powers and duties of Department.

The Department of Administration has the following powers and duties:

- ...
 - (3) Architecture and Engineering:
 - a. To examine and approve all plans and specifications for the construction or renovation of:
 1. All State buildings or buildings located on State lands, except those buildings over which a local building code inspection department has and exercises jurisdiction; and
 2. All community college buildings requiring the estimated expenditure for construction or repair work for which public bidding is required under G.S. 143-129 prior to the awarding of a contract for such work; and to examine and approve all changes in those plans and specifications made after the contract for such work has been awarded.
 - b. To assist, as necessary, all agencies in the preparation of requests for appropriations for the construction or renovation of all State buildings.
 - b1. To certify that a statement of needs pursuant to ~~G.S. 143-6~~ G.S. 143C-3-3 is feasible. For purposes of this sub-subdivision, "feasible" means that the proposed project is sufficiently defined in overall scope; building program; site development; detailed design, construction, and equipment budgets; and comprehensive project scheduling so as to reasonably ensure that it may be completed with the amount of funds requested. At the discretion of the General Assembly, advanced planning funds may be appropriated in support of this certification. Except for sub-subdivisions b. and b1. of this subdivision, this subdivision does not apply to the design, construction, or renovation of projects by The University of North Carolina pursuant to G.S. 116-31.11."

SECTION 97. G.S. 143-341(8) reads as rewritten:

"§ 143-341. Powers and duties of Department.

The Department of Administration has the following powers and duties:

- (8) General Services:
 - a. To locate, maintain and care for public buildings and grounds; to establish, locate, maintain, and care for walks, driveways, trees, shrubs, flowers, fountains, monuments, memorials, markers, and tablets on public grounds; and to beautify the public grounds.
 - b. To provide necessary and adequate cleaning and janitorial service, elevator operation service, and other operation or maintenance services for the public buildings and grounds.
 - c. To provide necessary night watchmen for the public buildings and grounds.
 - d. To make prompt repair of all public buildings and the equipment, furniture, and fixtures thereof; and to establish and operate shops for that purpose.
 - e. To keep in repair, out of funds appropriated for that purpose, the furniture of the halls of the Senate and House of Representatives and the rooms of the Capitol used by the officers, clerks, and other employees of the General Assembly.
 - f. Struck out by Session Laws 1959, c. 68, s. 3.
 - g. To establish and operate a mail service center that shall be used by all State agencies other than the Employment Security Commission, and in connection therewith and in the discretion of the Secretary, to do all things necessary in connection with the maintenance of the mail service center. The Secretary shall allocate and charge against the respective departments and agencies their proportionate parts of the cost of the maintenance of the mail service center. The Secretary shall develop a plan for the efficient operation of the center that meets the needs of State agencies, ensures timely delivery of mail, and ensures no loss of federal funds.
 - h. To provide necessary and adequate messenger service for the State agencies served by the Department. However, this may not be construed as preventing the employment and control of messengers by any State agency when those messengers are compensated out of the funds of the employing agency.
 - i. To establish and operate a central motor pool and such subsidiary related facilities as the Secretary may deem necessary, and to that end:
 - 1. To establish and operate central facilities for the maintenance, repair, and storage of state-owned passenger motor vehicles for the use of State agencies; to utilize any available State facilities for that purpose; and to establish such subsidiary facilities as the Secretary may deem necessary.
 - 2. To acquire passenger motor vehicles by transfer from other State agencies and by purchase. All motor vehicles

- transferred to or purchased by the Department shall become part of a central motor pool.
3. To require on a schedule determined by the Department all State agencies to transfer ownership, custody or control of any or all passenger motor vehicles within the ownership, custody or control of that agency to the Department, except those motor vehicles under the ownership, custody or control of the Highway Patrol or the State Bureau of Investigation which are used primarily for law-enforcement purposes, and except those motor vehicles under the ownership, custody or control of the Department of Crime Control and Public Safety for Butner Public Safety which are used primarily for law-enforcement, fire, or emergency purposes.
 4. To maintain, store, repair, dispose of, and replace state-owned motor vehicles under the control of the Department, using best management practices. The Department shall ensure that state-owned vehicles are replaced when most cost effective using a replacement formula developed by the Department and reviewed periodically for appropriateness of use. The Department shall report semiannually to the cochairs of the Joint Appropriations Subcommittee on General Government, on or before October 15 and March 15, on the effect of any new or revised replacement formula on the cost of operating the central motor pool, including the amount of any savings from use of any new or revised replacement formula.
 5. Upon proper requisition, proper showing of need for use on State business only, and proper showing of proof that all persons who will be driving the motor vehicle have valid drivers' licenses, to assign economically suitable transportation, either on a temporary or permanent basis, to any State employee or agency. An agency assigned a motor vehicle may not allow a person to operate that motor vehicle unless that person displays to the agency and allows the agency to copy that person's valid driver's license. Notwithstanding G.S. 20-30(6), persons or agencies requesting assignment of motor vehicles may photostat or otherwise reproduce drivers' licenses for purposes of complying with this subpart.

As used in this subpart, "economically suitable transportation" means the most cost-effective standard vehicle in the State motor fleet, unless special towing provisions are required by the agency. The Department may not assign any employee or agency a motor vehicle that is not economically suitable. The Department shall not approve requests for vehicle assignment or reassignment when the purpose of that assignment or reassignment is to provide any employee with a newer or lower mileage vehicle because of his or her rank, management authority, or length of service or because of any non-job-related reason. The Department shall not assign "special use" vehicles, such as four-wheel drive vehicles or law enforcement vehicles, to any agency or

- individual except upon written justification, verified by historical data, and accepted by the Secretary. The Department may provide law enforcement vehicles only to those agencies which have statutory pursuit authority.
6. To allocate and charge against each State agency to which transportation is furnished, on a basis of mileage or of rental, its proportionate part of the cost of maintenance and operation of the motor pool.

The amount allocated and charged by the Department of Administration to State agencies to which transportation is furnished shall be at least as follows:

 - I. Pursuit vehicles and full size four-wheel drive vehicles \$.24/mile.
 - II. Vans and compact four-wheel drive vehicles – \$.22/mile.
 - III. All other vehicles – \$.20/mile.
 7. To adopt, with the approval of the Governor, reasonable rules for the efficient and economical operation, maintenance, repair, and replacement, as limited in paragraph 4. of this subdivision, of all state-owned motor vehicles under the control of the Department, and to enforce those rules; and to adopt, with the approval of the Governor, reasonable rules regulating the use of private motor vehicles upon State business by the officers and employees of State agencies, and to enforce those rules. The Department, with the approval of the Governor, may delegate to the respective heads of the agencies to which motor vehicles are permanently assigned by the Department the duty of enforcing the rules adopted by the Department pursuant to this paragraph. Any person who violates a rule adopted by the Department and approved by the Governor is guilty of a Class 1 misdemeanor.
 - 7a. To adopt with the approval of the Governor and to enforce rules and to coordinate State policy regarding (i) the permanent assignment of state-owned passenger motor vehicles and (ii) the use of and reimbursement for those vehicles for the limited commuting permitted by this subdivision. For the purpose of this subdivision 7a, "state-owned passenger motor vehicle" includes any state-owned passenger motor vehicle, whether or not owned, maintained or controlled by the Department of Administration, and regardless of the source of the funds used to purchase it. Notwithstanding the provisions of G.S. 20-190 or any other provisions of law, all state-owned passenger motor vehicles are subject to the provisions of this subdivision 7a; no permanent assignment shall be made and no one shall be exempt from payment of reimbursement for commuting or from the other provisions of this subdivision 7a except as provided by this subdivision 7a. Commuting, as defined and regulated by this subdivision, is limited to those specific cases in which the Secretary has received and accepted written justification, verified by historical data. The Department shall not assign any state-owned motor

vehicle that may be used for commuting other than those authorized by the procedure prescribed in this subdivision.

A State-owned passenger motor vehicle shall not be permanently assigned to an individual who is likely to drive it on official business at a rate of less than 3,150 miles per quarter unless (i) the individual's duties are routinely related to public safety or (ii) the individual's duties are likely to expose the individual routinely to life-threatening situations. A State-owned passenger motor vehicle shall also not be permanently assigned to an agency that is likely to drive it on official business at a rate of less than 3,150 miles per quarter unless the agency can justify to the Division of Motor Fleet Management the need for permanent assignment because of the unique use of the vehicle. Each agency, other than the Department of Transportation, that has a vehicle assigned to it or has an employee to whom a vehicle is assigned shall submit a quarterly report to the Division of Motor Fleet Management on the miles driven during the quarter by the assigned vehicle. The Division of Motor Fleet Management shall review the report to verify that each motor vehicle has been driven at the minimum allowable rate. If it has not and if the department by whom the individual to which the car is assigned is employed or the agency to which the car is assigned cannot justify the lower mileage for the quarter, the permanent assignment shall be revoked immediately. The Department of Transportation shall submit an annual report to the Division of Motor Fleet Management on the miles driven during the year by vehicles assigned to the Department or to employees of the Department. If a vehicle included in this report has not been driven at least 12,600 miles during the year, the Department of Transportation shall review the reasons for the lower mileage and decide whether to terminate the assignment. The Division of Motor Fleet Management may not revoke the assignment of a vehicle to the Department of Transportation or an employee of that Department for failure to meet the minimum mileage requirement unless the Department of Transportation consents to the revocation.

Every individual who uses a State-owned passenger motor vehicle, pickup truck, or van to drive between the individual's official work station and his or her home, shall reimburse the State for these trips at a rate computed by the Department. This rate shall approximate the benefit derived from the use of the vehicle as prescribed by federal law. Reimbursement shall be for 20 days per month regardless of how many days the individual uses the vehicle to commute during the month. Reimbursement shall be made by payroll deduction. Funds derived from reimbursement on vehicles owned by the Motor Fleet Management Division shall be deposited to the credit of the Division;

funds derived from reimbursements on vehicles initially purchased with appropriations from the Highway Fund and not owned by the Division shall be deposited in a Special Depository Account in the Department of Transportation, which shall revert to the Highway Fund; funds derived from reimbursement on all other vehicles shall be deposited in a Special Depository Account in the Department of Administration which shall revert to the General Fund. Commuting, for purposes of this paragraph, does not include those individuals whose office is in their home, as determined by the Department of Administration, Division of Motor Fleet Management. Also, this paragraph does not apply to the following vehicles: (i) clearly marked police and fire vehicles, (ii) delivery trucks with seating only for the driver, (iii) flatbed trucks, (iv) cargo carriers with over a 14,000 pound capacity, (v) school and passenger buses with over 20 person capacities, (vi) ambulances, (vii) [Repealed]. (viii) bucket trucks, (ix) cranes and derricks, (x) forklifts, (xi) cement mixers, (xii) dump trucks, (xiii) garbage trucks, (xiv) specialized utility repair trucks (except vans and pickup trucks), (xv) tractors, (xvi) unmarked law-enforcement vehicles that are used in undercover work and are operated by full-time, fully sworn law-enforcement officers whose primary duties include carrying a firearm, executing search warrants, and making arrests, and (xvii) any other vehicle exempted under Section 274(d) of the Internal Revenue Code of 1954, and Federal Internal Revenue Services regulations based thereon. The Department of Administration, Division of Motor Fleet Management, shall report quarterly to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division of the Legislative Services Office on individuals who use State-owned passenger motor vehicles, pickup trucks, or vans between their official work stations and their homes, who are not required to reimburse the State for these trips.

The Department of Administration shall revoke the assignment or require the Department owning the vehicle to revoke the assignment of a State-owned passenger motor vehicle, pickup truck or van to any individual who:

- I. Uses the vehicle for other than official business except in accordance with the commuting rules;
- II. Fails to supply required reports to the Department of Administration, or supplies incomplete reports, or supplies reports in a form unacceptable to the Department of Administration and does not cure the deficiency within 30 days of receiving a request to do so;
- III. Knowingly and willfully supplies false information to the Department of Administration on applications for permanent assignments,

- commuting reimbursement forms, or other required reports or forms;
- IV. Does not personally sign all reports on forms submitted for vehicles permanently assigned to him or her and does not cure the deficiency within 30 days of receiving a request to do so;
 - V. Abuses the vehicle; or
 - VI. Violates other rules or policy promulgated by the Department of Administration not in conflict with this act.

A new requisition shall not be honored until the Secretary of the Department of Administration is assured that the violation for which a vehicle was previously revoked will not recur.

The Department of Administration, with the approval of the Governor, may delegate, or conditionally delegate, to the respective heads of agencies which own passenger motor vehicles or to which passenger motor vehicles are permanently assigned by the Department, the duty of enforcing all or part of the rules adopted by the Department of Administration pursuant to this subdivision 7a. The Department of Administration, with the approval of the Governor, may revoke this delegation of authority.

~~Prior to adopting rules under this paragraph, the Secretary of Administration may consult with the Advisory Budget Commission.~~

Notwithstanding the provisions of this section and G.S. 14-247, the Department of Administration may allow the organization sanctioned by the Governor's Council on Physical Fitness to conduct the North Carolina State Games to use State trucks and vans for the State Games of North Carolina. The Department of Administration shall not charge any fees for the use of the vehicles for the State Games. The State shall incur no liability for any damages resulting from the use of vehicles under this provision. The organization that conducts the State Games shall carry liability insurance of not less than one million dollars (\$1,000,000) covering such vehicles while in its use and shall be responsible for the full cost of repairs to these vehicles if they are damaged while used for the State Games.

- 8. To adopt and administer rules for the control of all state-owned passenger motor vehicles and to require State agencies to keep all records and make all reports regarding motor vehicle use as the Secretary deems necessary.
- 9. To acquire motor vehicle liability insurance on all State-owned motor vehicles under the control of the Department.
- 10. To contract with the appropriate State prison authorities for the furnishing, upon such conditions as may be agreed upon from time to time between such State prison authorities and the Secretary, of prison labor for use in

- connection with the operation of a central motor pool and related activities.
11. To report annually to the General Assembly on any rules adopted, amended or repealed under paragraphs 3, 7, or 7a of this subdivision.
 - j. To establish and operate central mimeographing and duplicating services, central stenographical and clerical pools, and other central services, if the Governor after appropriate investigation deems it advisable from the standpoint of efficiency and economy in operation to establish any or all such services. The Secretary may allocate and charge against the respective agencies their proportionate part of the cost of maintenance and operation of the central services which are established, in accordance with the rules adopted by him and approved by the Governor and Council of State pursuant to paragraph k, below. Upon the establishment of central mimeographing and duplicating services, the Secretary may, with the approval of the Governor, require any State agency to be served by those central services to transfer to the Department ownership, custody, and control of any or all mimeographing and duplicating equipment and supplies within the ownership, custody, or control of such agency.
 - k. To require the State agencies and their officers and employees to utilize the central facilities and services which are established; and to adopt, with the approval of the Governor and Council of State, reasonable rules and procedures requiring the utilization of such central facilities and services, and governing their operation and the charges to be made for their services.
 - l. To provide necessary information service for visitors to the Capitol.
 - m. To perform such additional duties and exercise such additional powers as may be assigned to it by statute or by the Governor."
