SENATE BILL 1203

Short Title: Agrarian Growth Zones - Bill Lee. (Public)

Sponsors: Senators Albertson; Bland, Boseman, Cowell, Dorsett, Garrou, Hartsell, Hoyle, Jacumin, Jenkins, Kerr, Lucas, Malone, Purcell, Snow, Soles, and Swindell.

Referred to: Finance.

May 10, 2006

A BILL TO BE ENTITLED

AN ACT TO PROVIDE FOR AGRARIAN GROWTH ZONES UNDER THE  
WILLIAM S. LEE QUALITY JOBS AND BUSINESS EXPANSION ACT.

The General Assembly of North Carolina enacts:

**SECTION 1.** Article 3A of Chapter 105 of the General Statutes is amended by adding a new section to read:

**"§ 105-129.3B. Agrarian growth zone designation.**

(a) Agrarian Growth Zone Defined. – An agrarian growth zone is an area comprised of one or more contiguous census tracts, census block groups, or both, in the most recent federal decennial census that meets all conditions in this subsection. A county may have no more than one agrarian growth zone.

(1) All land within the zone is located in whole within a county that has no municipality with a population in excess of 10,000.

(2) Every census tract and census block group that composes part of the zone has more than twenty percent (20%) of its population below the poverty level according to the most recent federal decennial census.

(3) The area of the zone less the smallest census tract included in the zone does not exceed five percent (5%) of the total area of the county in which the zone is located.

(b) Designation. – Upon request of a local government, the Secretary of Commerce shall make a written determination whether an area is an agrarian growth zone that meets the conditions of subsection (a) of this section. A determination under this section is effective until December 31 of the year following the year in which the determination is made. The Department of Commerce shall publish annually a list of all agrarian growth zones with a description of their boundaries.

1 (c) Parcel of Property Partially in Agrarian Growth Zone. – For the purposes of  
2 this section, a parcel of property that is located partially within an agrarian growth zone  
3 is considered entirely within the zone if all of the following conditions are satisfied:

- 4 (1) At least fifty percent (50%) of the parcel is located within the zone.  
5 (2) The parcel was in existence and under common ownership prior to the  
6 most recent federal decennial census.  
7 (3) The parcel is a portion of land made up of one or more tracts or tax  
8 parcels of land that is surrounded by a continuous perimeter boundary.

9 (d) Relationship With Enterprise Tiers. – For the purpose of the wage standard  
10 requirement of G.S. 105-129.4, the credit for investing in machinery and equipment  
11 allowed in G.S. 105-129.9, and the credit for worker training allowed in  
12 G.S. 105-129.11, an agrarian growth zone is considered an enterprise tier one area. For  
13 all other purposes, an agrarian growth zone has the same enterprise tier designation as  
14 the county in which it is located."

15 **SECTION 2.** G.S. 105-129.2 reads as rewritten:

16 "**§ 105-129.2. Definitions.**

17 The following definitions apply in this Article:

- 18 (1) Agrarian growth zone. – An area designated as an agrarian growth  
19 zone pursuant to G.S. 105-129.3B.  
20 (1a) Air courier services. – The furnishing of air delivery of individually  
21 addressed letters and packages for compensation, except by the United  
22 States Postal Service.

23 ..."

24 **SECTION 3.** G.S. 105-129.6(a1) reads as rewritten:

25 "(a1) Fee. – When filing a return for a taxable year in which the taxpayer engaged  
26 in activity for which the taxpayer is eligible for a credit under this Article, the taxpayer  
27 must pay the Department of Revenue a fee of five hundred dollars (\$500.00) for each  
28 credit the taxpayer claims or intends to claim with respect to a location that is in an  
29 enterprise tier three, four, or five area, subject to a maximum fee of one thousand five  
30 hundred dollars (\$1,500) per taxpayer per taxable year. This fee does not apply to any  
31 credit the taxpayer claims or intends to claim with respect to a location that is in a  
32 development zone as defined in G.S. 105-129.3A. or agrarian growth zone. If the  
33 taxpayer claims or intends to claim a credit that relates to locations in more than one  
34 enterprise tier area, the fee is based on the highest-numbered enterprise tier area.

35 The fee is due at the time the return is due for the taxable year in which the taxpayer  
36 engaged in the activity for which the taxpayer is eligible for a credit. No credit is  
37 allowed under this Article for a taxable year until all outstanding fees have been paid.

38 The Secretary of Revenue shall retain three-fourths of the proceeds of the fee  
39 imposed in this section for the costs of administering and auditing the credits allowed in  
40 this Article. The Secretary of Revenue shall credit the remaining proceeds of the fee  
41 imposed in this section to the Department of Commerce for the costs of administering  
42 this Article. The proceeds of the fee are receipts of the Department to which they are  
43 credited."

44 **SECTION 4.** G.S. 105-129.7(b)(1) reads as rewritten:

"(1) The physical location of the jobs and investment with respect to which the credit is claimed, including the enterprise tier designation of the location and whether it is in a development zone or agrarian growth zone. In addition, for each individual who fills a job at a location with respect to which a credit is claimed, the place where the individual resided before taking the job, including any enterprise tier designation of that place. In addition, for jobs that are located in a development zone, the number of those jobs that are filled by residents of the development zone."

**SECTION 5.** G.S. 105-129.8 reads as rewritten:

**"§ 105-129.8. Credit for creating jobs.**

(a) Credit. – A taxpayer that meets the eligibility requirements set out in G.S. 105-129.4, has five or more full-time employees, and hires an additional full-time employee during the taxable year to fill a new position located in this State is allowed a credit for creating a new full-time job. The amount of the credit for each new full-time job created is set out in the table below and is based on the enterprise tier of the area in which the position is located. In addition, if the position is located in a development zone or agrarian growth zone, the amount of the credit is increased by four thousand dollars (\$4,000) per job.

Area Enterprise Tier	Amount of Credit
Tier One	\$12,500
Tier Two	4,000
Tier Three	3,000
Tier Four	1,000
Tier Five	500

(a1) Positions. – A position is located in an area if more than fifty percent (50%) of the employee's duties are performed in the area. The number of new positions a taxpayer fills during the taxable year is determined by subtracting the highest number of full-time employees the taxpayer had in this State at any time during the 12-month period preceding the beginning of the taxable year from the number of full-time employees the taxpayer has in this State at the end of the taxable year.

(a2) Installments. – The credit may not be taken in the taxable year in which the additional employee is hired. Instead, the credit must be taken in equal installments over the four years following the taxable year in which the additional employee was hired and is conditioned on the taxpayer's continued employment in this State of the number of full-time employees the taxpayer had upon hiring the employee that caused the taxpayer to qualify for the credit.

If, in one of the four years in which the installment of a credit accrues, the number of the taxpayer's full-time employees in this State falls below the number of full-time employees the taxpayer had in this State in the year in which the taxpayer qualified for the credit, the credit expires and the taxpayer may not take any remaining installment of the credit. The taxpayer may, however, take the portion of an installment that accrued in a previous year and was carried forward to the extent permitted under G.S. 105-129.5.

1 (a3) Transferred Jobs. – Jobs transferred from one area in the State to another area  
2 in the State are not considered new jobs for purposes of this section. If, in one of the  
3 four years in which the installment of a credit accrues, the position filled by the  
4 employee is moved to an area in a higher- or lower-numbered enterprise tier, or is  
5 moved from a development zone or agrarian growth zone to an area that is not a  
6 development zone or agrarian growth zone, the remaining installments of the credit  
7 must be calculated as if the position had been created initially in the area to which it was  
8 moved.

9 (b) Repealed by Session Laws 1989, c. 111, s. 1.

10 (b1), (c) Repealed by Session Laws 1996, Second Extra Session, c. 13, s. 3.3.

11 (d) Planned Expansion. – A taxpayer that signs a letter of commitment with the  
12 Department of Commerce to create at least twenty new full-time jobs in a specific area  
13 within two years of the date the letter is signed qualifies for the credit in the amount  
14 allowed by this section based on the area's enterprise tier and development zone or  
15 agrarian growth zone designation for that year even though the employees are not hired  
16 that year. In the case of an interstate air courier that has or is constructing a hub in this  
17 State and in the case of an eligible major industry, the applicable time period is seven  
18 years. The credit shall be available in the taxable year after at least twenty employees  
19 have been hired if the hirings are within the applicable commitment period. The  
20 conditions outlined in subsection (a) apply to a credit taken under this subsection except  
21 that if the area is redesignated to a higher-numbered enterprise tier or loses its  
22 development zone or agrarian growth zone designation after the year the letter of  
23 commitment was signed, the credit is allowed based on the area's enterprise tier and  
24 development zone or agrarian growth zone designation for the year the letter was  
25 signed. If the taxpayer does not hire the employees within the applicable period, the  
26 taxpayer does not qualify for the credit. However, if the taxpayer qualifies for a credit  
27 under subsection (a) in the year any new employees are hired, the taxpayer may take the  
28 credit under that subsection.

29 (e), (f) Repealed by Session Laws 1996, Second Extra Session, c. 13, s. 3.3."

30 **SECTION 6.** G.S. 105-129.9 reads as rewritten:

31 **"§ 105-129.9. Credit for investing in machinery and equipment.**

32 ...

33 (d) Expiration. – As used in this subsection, the term "disposed of" means  
34 disposed of, taken out of service, or moved out of State.

35 If, in one of the seven years in which the installment of a credit accrues, the  
36 machinery and equipment with respect to which the credit was claimed are disposed of,  
37 the credit expires and the taxpayer may not take any remaining installment of the credit  
38 for that machinery and equipment unless the cost of that machinery and equipment is  
39 offset in the same taxable year by the taxpayer's new investment in eligible machinery  
40 and equipment placed in service in the same enterprise tier, as provided in this  
41 subsection. If, during the taxable year the taxpayer disposed of the machinery and  
42 equipment for which installments remain, there has been a net reduction in the cost of  
43 all the taxpayer's eligible machinery and equipment that are in service in the same  
44 enterprise tier as the machinery and equipment that were disposed of, and the amount of

1 this reduction is greater than twenty percent (20%) of the cost of the machinery and  
2 equipment that were disposed of, then the taxpayer forfeits the remaining installments  
3 of the credit for the machinery and equipment that were disposed of. If the amount of  
4 the net reduction is equal to twenty percent (20%) or less of the cost of the machinery  
5 and equipment that were disposed of, or if there is no net reduction, then the taxpayer  
6 does not forfeit the remaining installments of the expired credit. In determining the  
7 amount of any net reduction during the taxable year, the cost of machinery and  
8 equipment the taxpayer placed in service during the taxable year and for which the  
9 taxpayer claims a credit under Article 3B of this Chapter may not be included in the cost  
10 of all the taxpayer's eligible machinery and equipment that are in service. If in a single  
11 taxable year machinery and equipment with respect to two or more credits in the same  
12 tier are disposed of, the net reduction in the cost of all the taxpayer's eligible machinery  
13 and equipment that are in service in the same tier is compared to the total cost of all the  
14 machinery and equipment for which credits expired in order to determine whether the  
15 remaining installments of the credits are forfeited.

16 The expiration of a credit does not prevent the taxpayer from taking the portion of an  
17 installment that accrued in a previous year and was carried forward to the extent  
18 permitted under G.S. 105-129.5.

19 If, in one of the seven years in which the installment of a credit accrues, the  
20 machinery and equipment with respect to which the credit was claimed are moved to an  
21 area in a higher-numbered enterprise tier, or are moved from a development zone or  
22 agrarian growth zone to an area that is not a development zone or agrarian growth zone,  
23 the remaining installments of the credit are allowed only to the extent they would have  
24 been allowed if the machinery and equipment had been placed in service initially in the  
25 area to which they were moved.

26 (e) Planned Expansion. – A taxpayer that signs a letter of commitment with the  
27 Department of Commerce to place specific eligible machinery and equipment in service  
28 in an area within two years after the date the letter is signed may, in the year the eligible  
29 machinery and equipment are placed in service in that area, calculate the credit for  
30 which the taxpayer qualifies based on the area's enterprise tier and development zone or  
31 agrarian growth zone designation for the year the letter was signed. In the case of an  
32 interstate air courier that has or is constructing a hub in this State and in the case of an  
33 eligible major industry, the applicable time period is seven years. All other conditions  
34 apply to the credit, but if the area has been redesignated to a higher-numbered enterprise  
35 tier or has lost its development zone or agrarian growth zone designation after the year  
36 the letter of commitment was signed, the credit is allowed based on the area's enterprise  
37 tier and development zone or agrarian growth zone designation for the year the letter  
38 was signed. If the taxpayer does not place part or all of the specified eligible machinery  
39 and equipment in service within the applicable period, the taxpayer does not qualify for  
40 the benefit of this subsection with respect to the machinery and equipment not placed in  
41 service within the applicable period. However, if the taxpayer qualifies for a credit in  
42 the year the eligible machinery and equipment are placed in service, the taxpayer may  
43 take the credit for that year as if no letter of commitment had been signed pursuant to  
44 this subsection."

1           **SECTION 7.** This act is effective for taxable years beginning on or after  
2 January 1, 2006, and applies to business activities occurring on or after that date.
