(4) Establish procedures for the collection, handling, accounting, and auditing of assets, monies, and claims of the Plan and the Plan administrator.

(8) Establish rules, conditions, and procedures for reinsuring risks of participating insurers desiring to issue Plan coverages in their own name. Provision of reinsurance shall not subject the Plan to any of the capital or surplus requirements, if any, otherwise applicable to reinsurers.

(14) Design, utilize, contract, or otherwise arrange for the delivery of cost-effective health care services, including establishing or contracting with preferred provider organizations, health maintenance organizations, and other limited network provider arrangements.
(15) Adopt bylaws, policies, and procedures as may be necessary or convenient for the implementation of this Part and the operation of the Plan.

The financing mechanisms recommended to and approved by the General Assembly shall provide for a means to adjust those mechanisms annually, or more frequently if necessary, in order to assure that the Plan has the financial capacity to insure the projected number of enrollees.

(j) The Board shall make an annual report to the Commissioner, to the Speaker of the House of Representatives, and to the President Pro Tempore of the Senate. The report shall summarize the activities of the Plan in the preceding calendar year, including the net written and earned premiums, Plan enrollment, the expense of administration, and the paid and incurred losses.

(k) Neither the Board nor its employees are liable for any obligations of the Plan. No current or former member or employee of the Board is liable, and no cause of action of any nature may arise against them, for any act or omission related to the performance of their powers and duties under this Part, unless such act or omission constitutes willful or wanton misconduct. The Board may provide in its bylaws or rules for indemnification of, and legal representation for, its members and employees.

"**§ 58-50-170. Adoption of rules.**

The Commissioner may adopt temporary rules to implement this Part.

"**§ 58-50-175. Eligibility for Plan coverage.**

(2) A refusal by an insurer to issue insurance except at a rate exceeding the Plan rate.

(b) Any federally defined eligible individual who has not experienced a significant break in coverage and who is and continues to be a resident shall be eligible for Plan coverage.

(c) A rejection or refusal by an insurer offering only stop loss, excess of loss, or reinsurance coverage with respect to an applicant under subsection (a) of this section shall not be sufficient evidence under this subsection.

(d) The Board shall adopt a list of medical or health conditions for which a person shall be eligible for Plan coverage without applying for health insurance pursuant to subsection (a) of this section. Persons who can demonstrate the existence or history of any medical or health conditions on the list adopted by the Board shall not be required to provide the evidence specified in subsection (a) of this section. The list may be amended from time to time by the Board as the Board considers appropriate.

(e) Each resident dependent of a person who is eligible for Plan coverage shall also be eligible for Plan coverage.

(f) A person is not eligible for coverage under the Plan if:

(1) The person has or obtains health insurance coverage substantially similar to or more comprehensive than a Plan policy, or would be eligible to have coverage if the person elected to obtain it; except that:

a. A person may maintain other coverage for the period of time the person is satisfying any preexisting condition waiting period under a Plan policy; and

b. A person may maintain Plan coverage for the period of time the person is satisfying a preexisting condition waiting period under another health insurance policy intended to replace the Plan policy.

(2) The person is determined to be eligible for enrollment in the State Medical Assistance Plan.

(3) The person has previously terminated Plan coverage unless 12 months have lapsed since the termination, except that this subdivision shall not apply with respect to an applicant who is a federally defined eligible individual.

(4) The Plan has paid out the lifetime maximum benefits, which is one million dollars ($1,000,000) on behalf of the person.

(5) The person is an inmate or resident of a public institution, except that this subdivision shall not apply with respect to an applicant who is a federally defined eligible individual.

(6) The person's premiums are paid for or reimbursed under any government sponsored program or by any government agency or health care provider, except as an otherwise qualifying full-time employee, or dependent thereof, of a government agency or health care provider.

(g) Coverage under the Plan shall cease:

(1) On the date a person is no longer a resident of this State.
(2) On the date a person requests coverage to end.
(3) Upon the death of the covered person.

(5) At the option of the Plan, 30 days after the Plan makes any inquiry concerning the person's eligibility or residence to which the person does not reply.

(h) Except as provided in subsection (g) of this section, a person who ceases to meet the eligibility requirements of this section may be terminated at the end of the Plan period for which the necessary premiums have been paid.

"**§ 58-50-180. Unfair referral to Plan.**

It is an unfair trade practice under Article 63 of this Chapter for an insurer, insurance producer, as defined in G.S. 58-33-10(7), or third-party administrator to refer an individual employee to the Plan or arrange for an individual employee to apply to the Plan for the purpose of separating that employee from group health insurance coverage provided in connection with the employee's employment.

"**§ 58-50-185. Plan administrator.**

(a) The Board shall select a Plan administrator through a competitive bidding process to administer the Plan. The Board shall evaluate bids submitted based on criteria established by the Board. The criteria shall allow for the comparison of information about each bidding administrator and selection of a Plan administrator based on at least the following, as demonstrated in the bids submitted:
(1) Proven ability to handle health insurance coverage to individuals.
(2) Efficiency and timeliness of the Plan administrator's claim processing procedures.
(3) Estimated total charges for administering the Plan.
(4) Ability to apply effective cost containment programs and procedures and to administer the Plan in a cost-efficient manner.
(5) Financial condition and stability.

(b) The Plan administrator shall serve for a period specified in the contract between the Plan and the Plan administrator subject to removal for cause and subject to any terms, conditions, and limitations of the contract between the Plan and the Plan administrator. At least one year before the expiration of each period of service by a Plan administrator, the Board shall invite eligible entities, including the current Plan administrator, to submit bids to serve as the Plan administrator. Selection of the Plan administrator for the succeeding period shall be made at least six months before the end of the current period.

(c) The Plan administrator shall perform such functions relating to the Plan as may be assigned to it, including:
(1) Determination of eligibility.
(2) Payment of claims.
(3) Establishment of a premium billing procedure for collection of premiums from persons covered under the Plan.

(4) Other necessary functions to assure timely payment of benefits to covered persons under the Plan.

(d) The Plan administrator shall submit regular reports to the Board regarding the operation of the Plan. The contract between the Board and the Plan administrator shall specify the frequency, content, and form of the report.

(e) Following the close of each calendar year, the Plan administrator shall determine net written and earned premiums, the expense of administration, and the paid and incurred losses for the year and report this information to the Board and the Department on a form prescribed by the Commissioner.

(f) The Plan administrator shall be paid as provided in the contract between the Board and the Plan administrator.

"**§ 58-50-190. Premiums.**

(a) The Board shall establish premium rates for Plan coverage in accordance with this section. Separate schedules of premium rates based on age, sex, and geographical location may apply for individual risks. Premium rates and schedules shall not be applicable until approved by the Commissioner.

(b) The Board, with the assistance of the Commissioner, shall determine a standard risk rate by considering the premium rates charged by other insurers offering health insurance coverage to individuals. The standard risk rate shall be established using reasonable actuarial techniques and shall reflect anticipated experience and expenses for such coverage. Initial rates for Plan coverage shall not be less than one hundred twenty-five percent (125%) and not more than one hundred fifty percent (150%) of rates established as applicable for individual standard risks. Subject to the limits provided in this section, subsequent rates shall be established to provide fully for the expected costs of claims including recovery of prior losses, expenses of operation, investment income of claim reserves, and any other cost factors subject to the limitations described in this subsection. In no event shall Plan rates exceed one hundred fifty percent (150%) of rates applicable to individual standard risks.

"**§ 58-50-195. Plan benefits.**

(a) The Plan shall offer at least two types of health insurance coverage for persons eligible under G.S. 58-50-175. The covered services and benefit levels may vary between the types of coverage, but at least two types of coverage must, at a minimum, cover the benefits and services outlined in the National Association of Insurance Commissioners' Model Health Plan for Uninsurable Individuals Act and consistent with comprehensive coverage generally available to persons who are eligible for health insurance other than Medicare.

(b) Subject to approval by the Commissioner, the Board shall establish the health insurance coverage issued by the Plan, including the coverage's schedule of benefits, exclusions, and other limitation of the coverage.

"**§ 58-50-200. Preexisting conditions.**

(a) Plan coverage shall exclude charges or expenses incurred during the first 12 months following the effective date of coverage as to any condition for which medical advice, care, or treatment was recommended or received as to such conditions during the 12-month period immediately preceding the effective date of coverage, except that

no preexisting condition exclusion shall be applied to a federally defined eligible individual.

(b) Subject to subsection (a) of this section, the preexisting condition exclusions shall be waived to the extent that similar exclusions, if any, have been satisfied under any prior health insurance coverage that was involuntarily terminated; provided, that:

(1) Application for Plan coverage is made not later than 63 days following the involuntary termination, and in such case coverage in the Plan shall be effective from the date on which the prior coverage was terminated; and

(2) The applicant is not eligible for continuation or conversion rights that would provide coverage substantially similar to Plan coverage.

"**§ 58-50-205. Nonduplication of benefits.**

(a) The Plan shall be payor of last resort of benefits whenever any other benefit or source of third-party payment is available. Benefits otherwise payable under Plan coverage shall be reduced by all amounts paid or payable through any other health insurance coverage and by all hospital and medical expense benefits paid or payable under any workers' compensation coverage, automobile medical payment, or liability insurance, whether provided on the basis of fault or no-fault, and by any hospital or medical benefits paid or payable under or provided pursuant to any State or federal law or program.

(b) The Plan shall have a cause of action against an eligible person for the recovery of the amount of benefits paid that are not for covered expenses. Benefits due from the Plan may be reduced or refused as a setoff against any amount recoverable under this subsection.

"**§ 58-50-210. Collective action.**

The participation in the Plan as participating insurers, the establishment of rates, forms, or procedures, and any other joint or collective action required by this Part may not be the basis of any legal action or criminal or civil liability or penalty against the Plan or any participating insurer.

"**§ 58-50-215. Taxation.**

The Plan established under this Part is exempt from any and all taxes."

SECTION 2. The Board of Directors of the North Carolina Health Insurance Plan, as appointed under Section 1 of this act, shall recommend a method or methods for financing the Plan that will provide a stable funding source and allow for its continued operation. In developing its recommendation for financing, the Board shall review coverage available under health insurance high-risk pools enacted in other states, the National Association of Insurance Commissioners' Model Health Plan for Uninsurable Individuals Act, including proposed amendments to that model act, and actuarial and other information necessary for the development and financing of a fair, reasonable, and equitable comprehensive health insurance benefit plan.    c. The cost of coverage under each of the health insurance plans developed by the Board, including administrative costs.
   d. The effective date upon which Plan coverage can be offered based upon the recommended financing for the Plan.

SECTION 3. There is appropriated from the General Fund to the Department of Insurance the sum of two hundred thousand dollars ($200,000) for the 2005-2006 fiscal year. These funds shall be placed in a Special Reserve for the North Carolina Health Insurance Plan in the Department of Insurance and shall be allocated for the reasonable expenses of the Board in conducting its duties under Section 2 of this act.

SECTION 4. G.S. 58-6-25(d) reads as rewritten:
