	ency or
	ion the
Environmental Protection Agency for a no discharge zone designation shall either (i) ins	stall and
maintain an operational pumpout facility at the marina that is available to cu	stomers
patronizing the marina or (ii) contract with an outside service provider to provide p	umpout
services on a regular basis to the marina.	
(b) The owner or operator, as appropriate, of a large vessel marina may apply	for any
private, State, or federal grant funds that are available for the purpose of assisting with	the cost
of installing and maintaining a pumpout facility. A county or municipality may also ap	
any private, State, or federal grant funds that are available for the purpose of assisting v	with the
cost of installing and maintaining a pumpout facility.	
"§ 77-127. Department of Environment and Natural Resources establish pumpout	facility
criteria; inspection of pumpout facilities and vessels docked or moor	<u>ed at a</u>
marina.	
(a) <u>The Department of Environment and Natural Resources shall establish app</u>	-
criteria for pumpout facilities and pumpout services provided at large vessel marinas th	
docking services to the general public. The criteria shall include requirements that the	
or services be available to the public, the pumpout facility be open during normal hou	
the pumpout facility be used for its intended purpose. The criteria also shall in	
requirement that these marinas maintain records regarding the pumpout facility or servic	
Department also shall develop guidelines for inspections of pumpout facilities at such	marinas
and of vessels that are docked or moored at these marinas.	ting and
(b) The Department also shall establish appropriate criteria for pumpout facility	
pumpout services provided at privately owned large vessel marinas that do not offer of services to the general public. The criteria shall include requirements that the fac	
services to the general public. The criteria shart include requirements that the factories be made reasonably available to members of the private marina and the p	
facility be used for its intended purpose. The criteria also shall include a requirement th	
marinas maintain records regarding the pumpout facility or services. The Department al	
develop guidelines for inspections of pumpout facilities at such marinas and of vessels	
docked or moored at these marinas.	
"§ 77-128. Vessel owner and operator required to keep log of pumpout dates.	
(a) Any owner or operator of a vessel that has a marine sanitation device shall n	naintain
<u>a record of the date of each pumpout of the marine sanitation device and the location</u>	
pumpout facility. Each record shall be maintained for a period of one year from the dat	
pumpout lacinty. Each record shan be maintained for a period of one year from the dat pumpout.	
(b) A violation of this section is punishable as a Class 3 misdemeanor. No civil	penalty
shall be assessed under G.S. 77-130 for a violation of this section.	penany
"§ 77-129. No discharge of treated or untreated sewage in coastal waters; duty of the	marina
owner or operator to report unlawful discharge.	<u> </u>
(a) No person shall discharge treated or untreated sewage into coastal waters, in	cluding
effluent produced or held by any type of marine sanitation device into coastal water	
owner or operator of a vessel with a marine sanitation device shall keep the overboar	
discharge valves of the device secure by acceptable methods set forth under 33 C	
159.7(b) so as to prevent the discharge of treated or untreated sewage, except when 1
