## GENERAL ASSEMBLY OF NORTH CAROLINA SESSION 2009

S 3

## SENATE BILL 567

Promote Electricity Demand Reduction.

Short Title:

## Commerce Committee Substitute Adopted 5/5/09 Third Edition Engrossed 5/6/09

(Public)

Sponsors	Sponsors:				
Referred to:					
		March 12, 2009			
		A BILL TO BE ENTITLED			
		PROMOTE THE USE OF ELECTRICITY DEMAND REDUCTION ENEWABLE ENERGY PORTFOLIO STANDARDS.	ТО		
		embly of North Carolina enacts:			
THE GEH		<b>FION 1.</b> G.S. 62-133.8(a) is amended by adding a new subdivision to read	ŀ		
	"(3a)	•			
	<u>(34)</u>	electricity demand of a retail electric customer that is voluntary, under			
		real-time control of both the electric public utility and the retail ele			
		customer, and measured in real time, using two-way communication			
		devices that communicate on the basis of standards."			
	SEC'	<b>FION 2.</b> G.S. 62-133.8(b) reads as rewritten:			
"(b)	Rene	wable Energy and Energy Efficiency Standards (REPS) for Electric Po	ublic		
Utilities.	_				
	(1)	Each electric public utility in the State shall be subject to a Renew			
	Energy and Energy Efficiency Portfolio Standard (REPS) acco				
		following schedule:			
		Calendar Year REPS Requirement			
		2012 3% of 2011 North Carolina retail sales			
		2015 6% of 2014 North Carolina retail sales			
		2018 10% of 2017 North Carolina retail sales			
	(2)	2021 and thereafter 12.5% of 2020 North Carolina retail sal			
	(2)	An electric public utility may meet the requirements of this section by	any		
		one or more of the following:			
		<ul><li>a. Generate electric power at a new renewable energy facility.</li><li>b. Use a renewable energy resource to generate electric power</li></ul>	ot o		
		b. Use a renewable energy resource to generate electric power generating facility other than the generation of electric power			
		waste heat derived from the combustion of fossil fuel.	110111		
		c. Reduce energy consumption through the implementation of	f an		
		energy efficiency measure; provided, however, an electric provided energy efficiency measure; provided energy			
		utility subject to the provisions of this subsection may meet u			
		twenty-five percent (25%) of the requirements of this section thro			
		savings due to implementation of energy efficiency measurements	_		
		Beginning in calendar year 2021 and each year thereafter, an ele			
		public utility may meet up to forty percent (40%) of the requiren			

of this section through savings due to implementation of energy efficiency measures.

- d. Purchase electric power from a new renewable energy facility. Electric power purchased from a new renewable energy facility located outside the geographic boundaries of the State shall meet the requirements of this section if the electric power is delivered to a public utility that provides electric power to retail electric customers in the State; provided, however, the electric public utility shall not sell the renewable energy certificates created pursuant to this paragraph to another electric public utility.
- e. Purchase renewable energy certificates derived from in-State or out-of-state new renewable energy facilities. Certificates derived from out-of-state new renewable energy facilities shall not be used to meet more than twenty-five percent (25%) of the requirements of this section, provided that this limitation shall not apply to an electric public utility with less than 150,000 North Carolina retail jurisdictional customers as of December 31, 2006.
- f. Use electric power that is supplied by a new renewable energy facility or saved due to the implementation of an energy efficiency measure that exceeds the requirements of this section for any calendar year as a credit towards the requirements of this section in the following calendar year or sell the associated renewable energy certificates.
- g. Electricity demand reduction."

## **SECTION 3.** G.S. 62-133.8(c) reads as rewritten:

- "(c) Renewable Energy and Energy Efficiency Standards (REPS) for Electric Membership Corporations and Municipalities.
  - (1) Each electric membership corporation or municipality that sells electric power to retail electric power customers in the State shall be subject to a Renewable Energy and Energy Efficiency Portfolio Standard (REPS) according to the following schedule:

Calendar Year REPS Requirement
2012 3% of 2011 North Carolina retail sales
2015 6% of 2014 North Carolina retail sales
2018 and thereafter 10% of 2017 North Carolina retail sales

- (2) An electric membership corporation or municipality may meet the requirements of this section by any one or more of the following:
  - a. Generate electric power at a new renewable energy facility.
  - b. Reduce energy consumption through the implementation of demand-side management or energy efficiency measures.
  - c. Purchase electric power from a renewable energy facility or a hydroelectric power facility, provided that no more than thirty percent (30%) of the requirements of this section may be met with hydroelectric power, including allocations made by the Southeastern Power Administration.
  - d. Purchase renewable energy certificates derived from in-State or out-of-state renewable energy facilities. An electric power supplier subject to the requirements of this subsection may use certificates derived from out-of-state renewable energy facilities to meet no more than twenty-five percent (25%) of the requirements of this section.

	General Assembly Of N	orth Carolina Session 2009
1	e.	Acquire all or part of its electric power through a wholesale purchase
2		power agreement with a wholesale supplier of electric power whose
3		portfolio of supply and demand options meets the requirements of
4		this section.
5	f.	Use electric power that is supplied by a new renewable energy
6		facility or saved due to the implementation of demand-side
7		management or energy efficiency measures that exceeds the
8		requirements of this section for any calendar year as a credit towards
9		the requirements of this section in the following calendar year or sell
10		the associated renewable energy certificates.
11	<u>g.</u>	Electricity demand reduction."
12	<b>SECTION 4.</b>	This act is effective when it becomes law.
