

# GENERAL ASSEMBLY OF NORTH CAROLINA

Session 2013

## Legislative Actuarial Note

HEALTH BENEFITS

**BILL NUMBER:** Senate Bill 248 (Third Edition)

**SHORT TITLE:** Choice of Hearing Aid Specialist.

**SPONSOR(S):** Senator Hartsell

**SYSTEM OR PROGRAM AFFECTED:** State Health Plan for Teachers and State Employees (Plan).

**FUNDS AFFECTED:** State General Fund, State Highway Fund, other State employer receipts; premium payments for dependents of active employees and retired employees of State agencies and universities, local public schools and local community colleges; premium payments for coverages selected by eligible former employees; premium payments for coverages selected by firefighters, rescue squad workers, members of the National Guard, and certain authorized local governments.

### **BILL SUMMARY:**

Section 1 of Senate Bill 248 (Third Edition) amends G.S. 58-50-30 to add that insured persons have the right to choose any duly licensed hearing aid specialist for services offered within the scope of practice for a duly licensed hearing aid specialist. This change applies to the Plan because G.S. 135-48.51(12) states that the provisions of G.S. 58-50-30 apply to the Plan. The Plan currently covers hearing aids for those members under age 22 and this bill would not expand the set of members or type of hearing aids covered. The Plan typically only covers hearing aids provided in a physician's office and this bill would require the Plan to also cover hearing aids provided by a hearing aid specialist operating independently of a physician. However, the Plan would be able to charge higher out-of-pocket amounts for independent hearing aid specialists, in line with its rules for out-of-network services.

The bill also amends G.S. 93D-5 to increase the licensure fee for persons fitting and selling hearing aids to \$500 from \$250, which has no effect on the Plan.

**EFFECTIVE DATE:** October 1, 2013

### **ESTIMATED IMPACT ON STATE:**

The Segal Company, the consulting actuary for the State Health Plan for Teachers and State Employees, estimates that the bill will generate a negligible cost or savings for the Plan based on the very low volume of services and the limited impact of a change in providers.

Hartman & Associates, the consulting actuary for the General Assembly's Fiscal Research Division, estimates that the bill will not have a material financial impact on the Plan based on the Plan's out-of-network rules and the low number of members affected.

**ASSUMPTIONS AND METHODOLOGY:** The actuarial analyses used by each respective consulting actuary are on file with the Fiscal Research Division. Copies of each respective consulting actuary's analysis, including assumptions, are also attached to the original copy of this Legislative Actuarial note.

**Summary Information and Data about the Plan**

The Plan administers health benefit coverage for active employees from employing units of State agencies and departments, universities, local public schools, and local community colleges. Eligible retired employees of authorized employing units may also access health benefit coverage under the Plan. Eligible dependents of active and retired employees are authorized to participate in the Plan provided they meet certain requirements. Employees and retired employees of selected local governments may also participate in the Plan under certain conditions. Members of fire, rescue squads, and the National Guard may also obtain coverage under the Plan provided they meet certain eligibility criteria.

The State finances the Plan on a self-funded basis and administers benefit coverage under a Preferred Provider Option (PPO) arrangement. The Plan's receipts are derived through premium contributions, investment earnings and other receipts. Premiums for health benefit coverage are paid by (1) employing agencies for active employees, (2) the Retiree Health Benefit Fund for retired employees, and (3) employees and retirees who participate in the Standard plan or who elect dependent coverage. Total requirements for the Plan are estimated to be \$3.05 billion for FY 2013-14 and \$3.30 billion for FY 2014-15. The Plan's PPO benefit design includes two alternative benefit levels listed below:

- 1) The "Basic" 70/30 plan that offers higher out-of pocket requirements in return for lower premiums from employees and retirees; and
- 2) The "Standard" 80/20 plan.

The Basic plan offers coverage to employees and retired employees on a noncontributory basis. The Standard plan offers coverage to employees and retired employees on a partially contributory basis. Coverage for dependents under both plans is offered on a fully contributory basis.

The following table provides a summary of most monthly premium rates for the Plan in FY 2012-13:

<u>Coverage Type</u>	PPO Basic		PPO Standard	
	Employee/ Retiree	Employer	Employee/ Retiree	Employer
Non-Medicare Active Employee/Retiree				
Employee	\$0.00	\$432.66	\$22.76	\$432.66
Employee + Child(ren)	\$198.06	\$432.66	\$286.16	\$432.66
Employee + Spouse	\$510.32	\$432.66	\$629.64	\$432.66
Employee + Family	\$543.54	\$432.66	\$666.18	\$432.66
Medicare Primary for Only Employee/Retiree				
Employee	\$0.00	\$336.25	\$10.52	\$336.25
Employee + Child(ren)	\$198.06	\$336.25	\$273.92	\$336.25
Employee + Spouse	\$510.32	\$336.25	\$617.40	\$336.25
Employee + Family	\$543.54	\$336.25	\$653.94	\$336.25

The employer share of premiums for retirees is paid from the Retiree Health Benefit Fund. During FY 2012-13, employers contribute 5.3% of active employee payroll into the Fund. Total contributions for the year are projected to be approximately \$828 million.

## Financial Condition

**Current and Projected Results for 2011-13 Biennium** – The following summarizes actual financial results for FY 2011-12 and projected financial results for FY 2012-13, based on financial experience through December, 2012. It reflects the adoption of an Employer Group Waiver Plan (EGWP) for Medicare-eligible retirees effective January 1, 2013.

	(\$ millions)

**Financial Projection 2013-15 Biennium** – The following summarizes a financial projection conducted by the Plan's consulting actuary, The Segal Company, for the 2013-15 biennium. The information is provided by fiscal year based on year-to-date financial experience (through December 2012) and other updated factors. The projection assumes an 8.5% annual claims growth trend, that benefit provisions remain the same, and that both employer and member-paid premiums are kept constant over the biennium.

	(\$ millions)	
	Projected FY 2013-14	Projected FY 2014-15
Beginning Cash Balance	\$699.6	\$608.2

Total	\$3,054.7	\$3,297.2
Net Operating Income (Loss)	(\$91.4)	(\$327.0)

**Other Information**

Additional assumptions include Medicare benefit “carve-outs,” cost containment strategies including prior approval for certain medical services, utilization of the "Blue Options" provider network, case and disease management for selected medical conditions, mental health case management, coordination of benefits with other payers, a prescription drug benefit manager with manufacturer rebates from formularies, fraud detection, and other authorized actions by the State Treasurer, Executive Administrator, and Board of Trustees to manage the Plan to maintain and improve the Plan's operation and financial condition where possible. Claim cost trends are expected to increase at a rate of 8.5% annually according to the Plan’s consulting actuary. Investment earnings are based upon a 0.4% return on available cash balances. The active population is projected to decline by 1% per year, the COBRA population is projected to remain constant, and the retired population is projected to increase by 1% per year.
