Referred to:

1 A BILL TO BE ENTITLED
2 AN ACT DESIGNATING THE MONTH OF MAY OF EACH YEAR AS LUPUS
3 AWARENESS MONTH AND ESTABLISHING AN ADVISORY COUNCIL ON LUPUS
4 WITHIN THE DEPARTMENT OF HEALTH AND HUMAN SERVICES.

5 Whereas, lupus is an acute and chronic autoimmune disease in which the immune
6 system is unbalanced, causing inflammation and tissue damage to virtually every organ system
7 in the body, including the skin, lungs, heart, kidneys, and brain; and

8 Whereas, lupus can cause seizures, strokes, heart attacks, miscarriages, organ
9 failures, and even death; and

10 Whereas, lupus strikes mostly women of childbearing age, and African-Americans,
11 Hispanics, Latinos, Asians, and Native Americans are two to three times more likely to develop
12 lupus; and

13 Whereas, lupus can be particularly difficult to diagnose because its symptoms
14 mimic those of many other illnesses and major gaps exist in understanding the causes and
15 consequences of lupus; and

16 Whereas, there have been no new drugs approved by the United States Food and
17 Drug Administration specifically for lupus in 52 years, and current treatments for the disease
18 can have damaging side effects; and

19 Whereas, more than half of all people with lupus suffer four or more years and
20 require three or more doctors during that time before receiving an accurate diagnosis of the
21 disease; and

22 Whereas, approximately 35,000 to 40,000 North Carolinians and 1.5 million
23 Americans are living with this chronic illness for which there is no cure; and

24 Whereas, lupus costs the nation \$31.4 billion annually; and

25 Whereas, increased public awareness, education, and research are key to winning
26 the battle against lupus; Now, therefore,
27 The General Assembly of North Carolina enacts:
