33 **"§ 106-816.3. Referendum.**

\* H 3 7 7 - V - 1 \*

1       (a)    The Association may conduct among dairy producers a referendum upon the question  
2 of whether an assessment shall be levied as provided for herein.

3       (b)    The Association shall determine all of the following:

4           (1)   The amount of the proposed assessment.

5           (2)   The time and place of the referendum.

6           (3)   Procedures for conducting the referendum and counting of votes.

7           (4)   Any other matters pertaining to the referendum.

8       (c)    The amount of the proposed referendum shall be stated on the referendum ballot. The  
9 amount may not exceed five cents (5¢) for each hundredweight of Grade "A" milk produced by  
10 a dairy producer in this State. If the assessment is approved in the referendum, the Association  
11 may set the assessment at an amount equal to or less than the amount stated on the ballot. If the  
12 Association sets a lower amount than the amount approved by referendum, it may increase the  
13 amount annually without a referendum by no more than one cent (1¢) for each hundredweight of  
14 Grade "A" milk. The increased rate may not exceed the amount approved by referendum and  
15 may not exceed the maximum allowable rate of five cents (5¢) for each hundredweight of Grade  
16 "A" milk.

17       (d)    All dairy producers may vote in the referendum. Any dispute over eligibility to vote  
18 or any other matter relating to the referendum shall be determined by the Association. The  
19 Association shall make reasonable efforts to provide dairy producers with notice of the  
20 referendum and an opportunity to vote.

21 **"§ 106-816.4. Payment and collection of assessment.**

22       (a)    The assessment shall not be collected unless more than half of the votes cast in the  
23 referendum are in favor of the assessment. If more than half of the votes cast in the referendum  
24 are in favor of the assessment, then the Association shall notify the Department of the amount of  
25 the assessment and the effective date of the assessment. The Department shall notify all dairy  
26 producers of the assessment.

27       (b)    Each dairy producer shall pay an assessment on each hundredweight of Grade "A"  
28 milk produced in this State and sold commercially.

29       (c)    Each milk handler or dairy cooperative shall collect the assessment by deducting the  
30 amount of the assessment from the proceeds of the sale of Grade "A" milk. The milk handler or  
31 dairy cooperative shall remit to the Department no later than the twentieth day following the end  
32 of each calendar month the assessment on Grade "A" milk sold during that month. Any fluid milk  
33 producer-processor who markets Grade "A" milk of its own production directly to consumers, or  
34 any dairy producer who does not use the services of a milk handler or dairy cooperative located  
35 in this State, shall also pay the assessment under this section. Any dairy producer who fails to  
36 remit the assessment for the previous year's sales by January 20 shall pay a penalty of five percent  
37 (5%) of the unpaid assessment plus a penalty of one percent (1%) of the unpaid assessment for  
38 each month after January 20 that the assessment remains unpaid.

39       (d)    The Association may conduct inspections or audits of the books of any dairy  
40 producer. If the inspection or audit reveals that a dairy producer has willfully failed to remit  
41 assessments when due, the dairy producer shall pay the Association the reasonable costs of the  
42 inspection or audit.

43       (e)    The Association may bring an action to collect unpaid assessments, penalties, and  
44 reasonable costs of any inspection or audit as provided in subsection (c) of this section against  
45 any dairy producer who fails to pay the assessment, penalties, or costs. If successful, the  
46 Association shall also recover the cost of such action, including attorneys' fees.

47 **"§ 106-816.5. Use of assessments; refunds.**

48       (a)    The Department shall remit all funds collected under this Article to the Association  
49 at least quarterly. The Association shall use the funds to promote the interests of the dairy  
50 industry. The Association shall use such funds for research and marketing related to dairy

1 products and the dairy industry, including such administrative expenses as may be reasonably  
2 necessary to carry out this function.

3 (b) A dairy producer may request a refund of the assessment collected under this Article  
4 by submitting a written request for a refund to the Association postmarked on or before December  
5 31 of the same year. A refund request shall be accompanied by proof of payment of the  
6 assessment satisfactory to the Association and a written statement that the dairy producer did not  
7 receive a benefit from the assessment. The Association shall mail a refund to the dairy producer  
8 within 120 days of receipt of a properly documented refund request.

9 **"§ 106-816.6. Termination of assessment.**

10 Upon receipt of a petition signed by at least fifty percent (50%) of the dairy producers in  
11 North Carolina known to the Association, the Department shall notify the Association and the  
12 Association shall, within six months, conduct a referendum upon the question of continuing the  
13 assessment. The referendum shall be conducted in the same manner as the initial referendum  
14 upon the question of whether an assessment shall be levied. If a majority of the votes cast in the  
15 referendum are against continuing the assessment, or if the Association fails to conduct a  
16 referendum within the six-month period, the assessment expires at the end of the six-month  
17 period. If a majority of the votes cast in the referendum are in favor of continuing the assessment,  
18 then no subsequent referendum shall be held for at least three years."
