A fiduciary's evaluation of an investment, or evaluation or exercise of any right appurtenant to an investment, shall take into account only pecuniary factors. Plan fiduciaries are not permitted to promote non-pecuniary benefits or any other non-pecuniary goals. Environmental, social, corporate governance, or other similarly oriented considerations are pecuniary factors only if they present economic risks or opportunities that qualified investment professionals would treat as material economic considerations under generally accepted investment theories. The weight given to those factors shall solely reflect a prudent assessment of their impact on risk and return. Fiduciaries considering environmental, social, corporate governance, or other similarly oriented factors as pecuniary factors are also required to examine the level of diversification, degree of liquidity, and the potential risk-return in comparison with other available alternative investments that would play a similar role in their plans' portfolios. Any pecuniary consideration of environmental, social, or governance factors shall necessarily include evaluating whether greater returns can be achieved through investments that rank poorly on these factors.

"§ 143-815. Voting ownership interests.

- All shares held directly or indirectly by or on behalf of a pension benefit plan or the beneficiaries thereof shall be voted solely in the pecuniary interest of plan participants. Voting to further non-pecuniary, environmental, social, political, ideological, or other benefits or goals is prohibited.
- (b) Unless no economically practicable alternative is available, a fiduciary shall not adopt a practice of following the recommendations of a proxy advisory firm or other service provider unless the firm or service provider has a practice of, and in writing commits to, following proxy voting guidelines that are consistent with the fiduciary's obligation to act based only on pecuniary factors.
- (c) Unless no economically practicable alternative is available, plan assets shall not be entrusted to a fiduciary, unless that fiduciary has a practice of, and in writing commits to, following guidelines, when engaging with portfolio companies and voting shares or proxies, that match the plan's obligation to act based only on pecuniary factors.
- Authority to vote shares shall be in the hands of a State official politically accountable to the people of the State of North Carolina. All current proxy voting authority with respect to any and all shares held directly or indirectly by or on behalf of a pension benefit plan or the plan participants is hereby revoked. All voting authority shall reside with the State Treasurer or appropriate board or committee, except that the State official or board may delegate authority to a person that has a practice of, and in writing commits to, following guidelines that match the State's obligation to act based only on pecuniary factors.
- All proxy votes shall be tabulated and reported annually to the respective board of trustees or governing officer. For each vote, the report shall contain a vote caption, the plan's vote, the recommendation of company management, and, if applicable, the proxy advisor's recommendation. These reports shall be posted on the board's website.

"§ 143-816. Enforcement.

- This Article may be enforced by the Attorney General. (a)
