(a) All applicants for registration, certification, or licensure shall consent to a criminal history record check. Refusal to consent to a criminal history record check may constitute grounds for the Board to deny registration, certification, or licensure to an applicant. The Board shall ensure that the State and national criminal history of an applicant is checked. The Board shall be responsible for providing to the North Carolina Department of Public Safety the fingerprints of the

applicant to be checked, a form signed by the applicant consenting to the criminal history record check and the use of fingerprints and other identifying information required by the State or National Repositories, the fee required by the Department of Public Safety for providing this service, and any additional information required by the Department of Public Safety. If, after reviewing the factors, the Board determines that the grounds set forth in G.S. 90-113.44 exist, the Board may deny registration, certification, or licensure of the applicant. The Board may disclose to the applicant information contained in the criminal history record check that is relevant to the denial. The Board shall not provide a copy of the criminal history record check to the applicant. The applicant shall have the right to appear before the Board to appeal the Board's decision. However, an appearance before the full Board shall constitute an exhaustion of administrative remedies in accordance with Chapter 150B of the General Statutes.

(c) Limited Immunity. – The Board, its officers and employees, acting in good faith and in compliance with this section, shall be immune from civil liability for denying registration, certification, or licensure to an applicant based on information provided in the applicant's criminal history record check.
