## § 58-44-105. Post mediation.

(a) Within five days after the conclusion of the conference, the mediator shall file with the Administrator a mediator's status report, on a form prescribed by the Administrator, indicating whether or not the parties reached a settlement.

(b) Mediation is nonbinding unless all the parties specifically agree otherwise in writing.

(c) If the parties reach a settlement, the mediator shall include a copy of the settlement agreement with the status report. Within three business days after the conclusion of the conference, the insurer shall disburse the settlement funds in accordance with the terms of the settlement agreement. The insured has three business days after receipt of the settlement funds within which to notify the Commissioner and the insurer of the insured's decision to rescind the settlement agreement, as long as the insured has not received the settlement funds by electronic means or has not cashed or deposited any check or draft disbursed to the insured in payment of the settlement funds.

(d) If a settlement agreement is reached and is not rescinded, it shall act as a release of all specific claims that were presented in the conference. Any subsequent claim under the policy shall be presented as a separate claim. (2006-145, s. 1.)
